

GENERAL PRINCIPLES AND GUIDELINES FOR SANCTIONS¹

In furtherance of the Uniform Framework for Preventing and Combating Fraud and Corruption² (the “IFI Framework”) and in accordance with the Agreement on Mutual Enforcement of Debarment Decisions,³ the following institutions (the “Institutions”), now seek to harmonize their respective sanctioning guidelines, to ensure consistent treatment of individuals and firms:

- African Development Bank Group (AfDB)
- Asian Development Bank (ADB)
- European Bank for Reconstruction and Development (EBRD)
- European Investment Bank (EIB)
- Inter-American Development Bank Group (IDB Group)

1. The Institutions acknowledge that the sanctions process is administrative in nature. Each Institution shall have an independent Investigative Office that conducts investigations and presents its findings to a separate Sanctioning Authority in accordance with the principles set out in the IFI Framework.

2. The Institutions shall sanction persons or entities (“subjects”) found to have engaged in Prohibited Practices⁴ pursuant to each Institution’s rules, policies and procedures. Any sanction imposed shall take account of the principle of proportionality, including mitigating and aggravating circumstances.

Range of Sanctions

3. Sanctions, which may be imposed singly or in combination, include, but are not limited to, the following:

- (a) Debarment – where the sanctioned subject may be reinstated at the end of the specified minimum debarment period;
- (b) Debarment with conditional release or reinstatement – where the sanctioned subject may be reinstated, or may benefit from a reduced debarment period upon compliance with conditions imposed by the Institution at the time the sanction is issued (including the adoption and implementation of a Voluntary Compliance Program);

¹ These General Principles and Guidelines are intended to set out common standards for incorporation into each institution’s sanctioning policies.
