1.	Can a third party establish the existence of charge over debt securities?	1
2.	Are the parties free to agree on the collection of instalments and transferability of debt securities?	?

G	Syndicated Lending	Grading
1.	Is there a possibility to create a security for a person who is not the creditor but representing all members of the bank syndicate (security manager)?	0
2.	Has the parallel debt or other security management structure used in practice been recognised by known court decision?	0
3.	Does the security manager have the right to start enforcement?	0
4.	Are security and parallel debt insulated from the insolvency estate of the security manager?	0

5. Remarks

A2	Only if the charge is registered.
A4	The security may be enforced by private sale. However, enforcing of the security by direct collection of payments is not provided by the local legislation.
C2	There are no specific requirements in law to govern these issues. But, on the basis of the general provisions of civil legislation it is presumably possible if agreed with the insurance provider.
D1	According to the law a pledge over business participation or shares may be registered on the voluntary basis.
E1	According to the law a pledge over listed shares may be registered on the voluntary basis.
F1	According to the law a pledge over debt securities may be registered on the voluntary basis.
