If yes:

	Amount in EUR	Investment type	Signing year	Maturity	Working capital/capex?
1.					
2.					
3.					

EBRD's Strategic Priorities

To accelerate transition, the bank aims to enhance its work through three cross-cutting strategic themes:

- Supporting the transition to a **green**, low carbon economy
- Promoting equality of opportunity. Priority client segments will include **women**, **youth** and those in less developed **regions**.
- Accelerating the **digital** transition

(green)

Innovation Description

Provide a description of the innovation that you intend to take to market.

Please include an overview of the innovation, including the background and context and provide a description of the product/process.

Provide an overview of the research conducted to date and progress made towards taking your innovation to market.

Please elaborate on the context of your research, including date, researcher profile, obtained research results and other milestones achieved to date.

What are the most pressing business or research needs you would like to address through component 2 of the Innovation Programme?

Please provide a list of technical assistance projects necessary to further develop and take your innovation to market. Identify a few projects you would consider undertaking as part of component 2 (e.g. engineering solution, platform development, packaging design, etc.)

What is the first project you would work on to bring your innovation to market?

Please include an overview, a proposed budget, and timeline of the project.

Proposed Consultant

If you already have a consultant for the work, please provide the company name, contact details, and the name of the person responsible for the project.

Employee responsible for project from your company:

Name: _____ Title: _____

Address: _____

Tel: _____

Email: _____

Date: _____ Signature: _____

Signed by: _____
