

# Agenda

## Creating Green Banking Markets in Africa

The event will explore how the regulatory and monetary environments can support the deployment of green financing products for low-carbon, resilient development. The event will also examine the role of commercial financial institutions in growing green finance and how development finance institutions can support them in this work. A number of financial institutions will showcase how they have successfully integrated green finance into their business operations.

**09.00 – 09.30**

**Registration / tea and coffee**

**09.30 – 10.30**

**Official opening and keynote addresses**

- Central Bank of Morocco
- Ministry of Energy, Mining, Water and Environment of Morocco

**Tea, coffee and networking**

**11.00 – 12.30**

**Panel 1: A supportive regulatory framework for innovative financial products and green economy development**

This session focuses on financial products that promote green investments such as green bonds and green loans. It explores how to develop the regulatory environment to be conducive to the use of green financial products and the growth of a green economy.

**12.30 – 13.30**

**Lunch**

**13.30 – 15.00**

**Panel 2: The role of commercial banks in promoting green economy transition and cooperation with DFIs**

This session focuses on the role of commercial financial institutions in promoting the creation of a green economy and how they can be supported by development financial institutions (DFIs). Commercial financial institutions will share their experiences of incorporating green finance into their business operations. Speakers will include representatives from commercial banks, donors and international financial institutions.

**15.00 – 15.30**

**Tea, coffee and networking**

**15.30 – 17.00**

**Panel 3: Integrating green finance into banks' business operations**

Financial institutions will showcase their range of green financial products and discuss what influences clients' investment decisions and how to stimulate demand. They will focus on the tools and skills required to incorporate green finance into banks' operations and discuss how green investments can help businesses to remain competitive. Speakers will include representatives from commercial banks.

**17.00 – 18.30**

**MorSEFF Award Ceremony**

In recognition of the crucial role of financial institutions and the private sector in green economy development, prizes will be awarded to pioneers of energy efficiency and renewable energy investments who participated in the Morocco Sustainable Energy Financing Facility (MorSEFF).

**18.30 – 19.30**

**Drinks and networking**
