Loans Equity Quasi-Equity

The EBRD invests in the expansion and modernisation of private agribusiness, and also mobilises financing from domestic and international banks using various co-financing facilities. We offer a wide range of tailor-made financing instruments.

The EBRD plays a major role in developing the agribusiness sector by supporting local and foreign corporate clients, as well as micro, small and medium-sized enterprises. The Bank also invests through financial intermediaries.

€687 million
invested in 2018

The EBRD fosters transition to market economies in countries from central and eastern Europe to central Asia and the southern and eastern Mediterranean.

The EBRD also provides financial and technical support to agribusiness and makes a significant contribution to policy dialogue between governments and the private sector.
