1. INTRODUCTION

The annual report on procurement activities is prepared in accordance with Section VIII of the EBRD’s Corporate Procurement Policy (POL/2017/2).

2. CORPORATE PROCUREMENT

This section covers the procurement of the goods, works, services and consultancy services contracted by the Bank and related to the Bank’s corporate requirements.

The following tables detail the number and value of awards in 2021 only, split between new contract awards, extensions to existing contracts and purchase orders issued electronically via the Bank’s SAP system.

All values in the tables below relate to anticipated expenditure. Some contracts, extensions and purchase orders are multi-annual in duration.

These values do not represent the actual total expenditure in 2021. Information in respect of actual expenditure in 2021 is provided in Annex A.

2.2 Extensions to existing corporate contracts

The table below provides information on extensions (including amendments) to an existing contract, which results in an increased financial commitment for the Bank. These extensions are classified as either direct, competitive or as an exception to competitive selection. Direct extensions are those where the original contract was awarded through direct selection, but the direct extension is such that the cumulative value does not exceed the upper threshold for direct selection. Competitive extensions are those where the original contract was competitively awarded and the potential for an increase in the financial commitment was anticipated in the original procurement exercise.

2.3 Goods, works and services purchase orders

In addition to corporate contracts issued and administered by the Procurement Operations and Delivery Department (PODD), the Bank contracts with suppliers using its standard purchase order terms issued electronically from SAP. Functionality within SAP allows the Bank to operate a single stage competitive selection based on lowest price. This method of selection is typically used for commodities or commoditised services where no technical evaluation is required.

3. CONSULTANCY SERVICES IN SUPPORT OF BANK PROJECTS

This section covers the procurement of consultancy services in support of Bank projects. The table in Section 3.1 also includes the value and number of contracts for specialised consultancy services in connection with activities of the Project Complaint Mechanism and the Office of the Chief Compliance Officer. The table in Section 3.2 sets out the value and number of contracts relating to engagement of law firms and independent experts by the Office of the General Counsel.

3.1 Procurement of Consultancy Services

In 2021, 339 consultancy contracts with a total value of EUR 83.66 million (64 per cent of the total value of PODD contracts) were awarded through competitive consultant selection process. In 2020, competitive selection methods were used to award 331 contracts, representing 57 per cent by value of the consultancy contracts signed by the Bank.

The table below shows the breakdown by threshold and selection method for such consultancy contract awards. A breakdown of awards split between technical cooperation and the Bank’s own funds is included in Annexes E and F of this report. Annex F also includes a breakdown by extension and new contract awards.

3.2 Breakdown of Specialised Consultancy Services

In connection with the procurement of certain consultancy services of a specialised nature, as set out below, relevant Bank departments may develop, provide and maintain procedures consistent with the Corporate Procurement Policy. As noted above, where specific procedures have not been developed, the relevant procurement activity has been captured under Section 3.1.

* Aggregate value of a previous contract and a contract extension did not exceed EUR 75K.
** Aggregate value of a previous contract and an unforeseen contract extension exceeded EUR 75K and was justified on the basis of Section 4.3 (a), (b) or (c) of the Bank’s Corporate Procurement Policy.
*** Foreseen contract extensions to previous contracts awarded by Single Stage Competitive Selection or Two Stage Open Competitive Selection.

Note: Some Extension values are negative, i.e. there was a financial decrease in the value of the contract. The final sum of the Extensions value reflects the absolute values of the financial increase or decrease.
