

UK MiFIR product governance / Professional investors and ECPs only target market

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is only eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**UK MiFIR**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

For the purposes of this provision, the expression "**manufacturer**" means the Dealer.

European Bank for Reconstruction and Development (the "**Issuer**") does not fall under the scope of application of UK MiFIR. Consequently, the Issuer does not qualify as an "investment firm", "manufacturer" or "distributor" for the purposes of UK MiFIR.

36 Additional Information:

(i) Additional Provisions:

The provisions set out in the Annex hereto shall apply to the Terms and Conditions in accordance herewith.

(ii) Investment Considerations:

Tajik Somoni Exchange Risk

The Final Redemption Amount, Early Redemption Amount (if applicable) and the Interest Amounts on the Notes are linked to Tajik Somoni, the lawful currency of the Republic of Tajikistan (“TJS”). Currency exchange rates may be volatile and will affect the return to the holder of the Notes. The Government of the Republic of Tajikistan can from time to time intervene in the foreign exchange market. These interventions or other governmental actions could adversely affect the value of the Notes in USD, as well as the actual yield (in USD terms) on the Notes and the amounts payable on the Notes. Even in the absence of governmental action directly affecting currency exchange rates, political or economic developments in the Republic of Tajikistan or elsewhere could lead to significant and sudden changes in the exchange rate between TJS and USD.

Notes are Not Liquid Instruments

There may exist at times only limited markets for the Notes resulting in low or non-existent volumes of trading in the Notes, and therefore a lack of liquidity and price volatility of the Notes.

37 Total Commissions:

0.40 per cent. of the Nominal Amount

This Pricing Supplement comprises the pricing supplement required for issue and admission to trading on the London Stock Exchange plc’s Regulated Market of the Notes described herein pursuant to the Euro 45,000,000,000 Global Medium Term Note Programme of European Bank for Reconstruction and Development as from 6 July 2021, or as soon as practicable thereafter.

Annex

Calculation of Interest Amount, Early Redemption Amount and Final Redemption Amount

The Final Redemption Amount or the Early Redemption Amount, as applicable, per Calculation Amount will be payable in USD on the Maturity Date or the Early Redemption Date, as applicable, and will be determined by the Calculation Agent on the relevant Rate Fixing Date, as follows, rounded up to the nearest cent:

Reference TJS Amount *divided by* the Exchange Reference Rate.

The Interest Amount per Calculation Amount will be payable in USD on the corresponding Fixed Interest Date and will be calculated by the Calculation Agent as follows, on the relevant Rate Fixing Date, rounded up to the nearest cent:

(Fixed Rate of Interest x Reference TJS Amount x Fixed Day Count Fraction) *divided by* the Exchange Reference Rate.

The Calculation Agent shall notify the Issuer and the Agent (who will in turn inform the Noteholders) of its determination of the relevant Exchange Reference Rate as soon as practicable after such determination on the relevant Rate Fixing Date (but in no event later than the Business Day immediately prior to each Fixed Interest Date, the Maturity Date or the Early Redemption Date, as applicable).

If neither the Exchange Reference Rate published by the Central Bank of the Republic of Tajikistan or by Bloomberg, nor the USD/TJS Bloomberg close (CMPN) is available on the Rate Fixing Date, the Calculation Agent shall immediately inform the Issuer and the Agent of such an occurrence.

The Calculation Agent shall notify the Issuer and the Agent (who will in turn inform the Noteholders) of its determination of the Final Redemption Amount, the Early Redemption Amount and the Interest Amount payable per Calculation Amount on the Maturity Date, Early Redemption Date or relevant Fixed Interest Date (as applicable), as soon as practicable after such determination (but in no event later than one Business Day prior to the Maturity Date, Early Redemption Date and/or relevant Fixed Interest Date, as applicable).

Disruption Event Provisions

If the Exchange Reference Rate is not available for any reason on any Rate Fixing Date, then the Calculation Agent shall determine that a price source disruption event (a "**Price Source Disruption Event**") has occurred, and shall promptly inform the Issuer and the Agent (who will in turn inform the Noteholders) of such an occurrence.

The Calculation Agent shall then determine the Exchange Reference Rate on the following basis:

- (i) The Exchange Reference Rate shall be USD/TJS Bloomberg close (CMPN) where "USD/TJS Bloomberg close (CMPN)" means the USD/TJS Bloomberg close mid-rate (Composite New York), which is expressed as the amount of TJS per one USD, on the relevant Rate Fixing Date, or if not available, then;
- (ii) The Exchange Reference Rate will be determined by the Calculation Agent in its sole discretion, acting in good faith and in an impartial and in a commercially reasonable manner in accordance with its normal procedures for determining such exchange rate (or a comparable exchange rate) at such time.

For the purposes of this Annex:

“Business Day” means any day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in New York, London and Dushanbe.

“Calculation Agent” means DLM Finance in accordance with the provisions of the Calculation Agency Agreement entered into between the Issuer and the Calculation Agent dated 23 October 2019 (as amended and/or supplemented from time to time). All references to the Calculation Agent shall include any successor or successors to DLM Finance as Calculation Agent in respect of the Notes;

“Dushanbe Business Day” means any day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in Dushanbe.

“Early Redemption Date” means the date (if any) on which the Notes become due and payable pursuant to Condition 9;

This information is also available on the Bloomberg page under ticker “TJS NBT Curncy”. In case of any discrepancy between the USD/TJS rate of exchange as published on the Bloomberg page and as published on the National Bank of Tajikistan website (or on any successor page or source in respect of either them), the USD/TJS rate of exchange as published on the National Bank of Tajikistan website (or its successor page) will prevail;

“Rate Fixing Date” means the date which is two Business Days prior to the applicable Fixed Interest Date, any Early Redemption Date or the Maturity Date; and

“Reference TJS Amount” means TJS 566,000 per Calculation Amount, which is calculated using the initial USD/TJS exchange rate of TJS 11.32 per USD 1.
