

MiFID II product governance / Professional investors and ECPs only target market:

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "**MiFID II**"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

For the purposes of this provision, the expression "**manufacturer**" means the Dealer.

European Bank of Reconstruction and Development (the "**Issuer**") does not fall under the scope of application of MiFID II. Consequently, the Issuer does not qualify as an "investment firm", "manufacturer" or "distributor" for the purposes of MiFID II.

Not applicable

The language set out under the heading “Use of Proceeds” in the Offering Circular shall be replaced for these Notes by the following:

The net proceeds of the issuance of the Notes which is expected to be SEK 750,150,000 will be used towards the Issuer’s environmental projects in accordance with and subject to the following provisions:

An amount equivalent to the net proceeds of the Notes will be allocated within the Issuer’s Treasury liquidity pool to a portfolio that is separately monitored by the Issuer. So long as any of the Notes are outstanding, if the overall balance of such portfolio exceeds the overall amount of the Issuer’s Green Transition Project Portfolio (as defined below), the remaining balance may only be invested by the Issuer in certificates of deposits, commercial paper, bank deposits, repurchase transactions or other money-market instruments, as determined by the Issuer.

The “Green Transition Project Portfolio” shall mean, as determined by the Issuer, the sum of all loans and investments that are funded in whole or in part by the Issuer and in respect of which the amount disbursed or invested is directed at, as determined by the Issuer, green transition through financing or refinancing projects that are intended to enable significant improvements towards decarbonisation and/or improved resource efficiency in key sectors of the economy. While a minimum of 50 per cent. of the loan or investment must be specifically designated to ensuring the green transition of the asset or project, the requirement to ensure improve climate governance of the related organisation or company in consistency with the transition objectives allows the entire amount of any such EBRD’s loans to be included in the Green Transition Portfolio.

Examples of projects in the Green Transition Portfolio include, without limitation, financings of:

- Investments in decarbonisation and resource efficiency including circular economy products in manufacturing, which may include:
 - a) chemical production;
 - b) cement production; and
 - c) steel production,
- Investments in food production which may include:

- a) improving resource efficiency in agribusiness; and
- b) promoting sustainable land use,
- Investments in activities that enable green transition, which may include:
 - a) electricity grids;
 - b) supply chains;
 - c) low carbon transport (including infrastructure);
 - d) green logistics; and
 - e) ICT solutions,
- Investments in construction and renovation of buildings.

The above examples are illustrative only and no assurance can be provided that investments in projects with these specific characteristics will be made.
