ANNEX

Calculation of Interest Amount per Calculation Amount, Early Redemption Amount per Calculation Amount and Final Redemption Amount per Calculation Amount

The Final Redemption Amount per Calculation Amount or the Early Redemption Amount per Calculation Amount will be payable in USD on the Maturity Date or the Early Redemption Date as applicable, and determined by the Calculation Agent on the corresponding Rate Fixing Date as follows, rounded up to the nearest cent:

Calculation Amount x (1/Reference Rate on the applicable Rate Fixing Date)

In order to obtain the Final Redemption Amount or the Early Redemption Amount, as applicable, the above amount shall be multiplied by N.

The Interest Amount per Calculation Amount will be payable in USD on each Fixed Interest Date and determined by the Calculation Agent, on the corresponding Rate Fixing Date as follows, rounded up to the nearest cent:

Interest Amount x (1/Reference Rate on the applicable Rate Fixing Date) x Day Count Fraction

The Fixed Interest Amount shall then be calculated by multiplying the above amount by N.

The Calculation Agent shall notify the Issuer, the Agent and the Noteholders of its determination of the Final Redemption Amount per Calculation Amount, the Early Redemption Amount per Calculation Amount and Interest Amount per Calculation Amount payable on the Maturity Date, the Early Redemption Date and/or relevant Fixed Interest Date (as applicable), as soon as practicable after such determination (but in no event later than four (4) Business Days prior to the Maturity Date, Early Redemption Date and/or relevant Fixed Interest Date (as applicable)).

If the Reference Rate is not available for any reason on the Reuters Screen Page USDPKRFIX=SBPK, or on any successor page on any Rate Fixing Date, then the Calculation Agent shall determine that a price source disruption event (a **"Price Source Disruption Event"**) has occurred, and shall promptly inform the Issuer and Agent of such occurrence. Following the determination of the occurrence of a Price Source Disruption Event, Noteholders will not be entitled to any amounts in respect of the Notes until the earlier to occur of (i) the day falling five (5) Business Days after the day on which the Issuer is notified by the Calculation Agent that a Price Source Disruption Event no longer subsists and (ii) the Postponed Fixed Interest Date (as defined below), the Postponed Early Redemption Date (as defined below) or the Postponed Maturity Date (as defined below), as the case may be.

If on the tenth (10th) Business Day following the original Rate Fixing Date the Reference Rate as published on the Reuters Screen Page USDPKRFIX=SBPK, or any successor page is still unavailable then the Reference Rate shall be the average of such firm quotes (expressed as the number of PKR per one USD) from three (3) Reference Dealers (as defined below) as the Calculation Agent is able to obtain for the sale of PKR and the purchase of USD at or about 3.30 p.m., Karachi time on the applicable Rate Fixing Date for settlement two Karachi Business Days thereafter, provided, however, that if fewer than three (3) (but at least two (2)) Reference Dealers provide such firm quotes then the average of the quotes actually obtained shall apply.

If none, or only one, of the Reference Dealers provides such a firm quote the Calculation Agent will determine the Reference Rate in good faith and in a commercially reasonable manner. For the purposes of these provisions:
