

UK MiFIR product governance / Professional investors and ECPs target market:

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is, eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**") and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**UK MiFIR**"); and (ii) all channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer's target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels

For the purposes of this provision, the expression "**manufacturer**" means the Dealer.

European Bank for Reconstruction and Development (the "**Issuer**") does not fall under the scope of application of UK MiFIR. Consequently, the Issuer does not qualify as an "investment firm", "manufacturer" or "distributor" for the purposes of UK MiFIR Pricing Supplement

ANNEX

Calculation of Fixed Interest Amount, Early Redemption Amount and Final Redemption Amount

The Early Redemption Amount and the Final Redemption Amount, as applicable, per Specified Denomination will be payable in USD on the Early Redemption Date (if any) or the Maturity Date (subject to disruption event provisions below), as applicable, and determined by the Calculation Agent as follows, on the corresponding Rate Fixing Date:

$\text{Specified Denomination} / \text{PHP Rate}$
provided that the resultant amount shall be rounded to the nearest cent with USD 0.005 being rounded up

The Fixed Interest Amount per Specified Denomination will be payable in USD on the Fixed Interest Date (or, in the case of the Final Broken Amount, the Maturity Date) (subject to disruption event provisions below) and determined by the Calculation Agent as follows, on the corresponding Rate Fixing Date:

$\text{Specified Denomination} \times \text{Fixed Rate of Interest} \times (1 / \text{PHP Rate on the applicable Rate Fixing Date}) \times \text{Fixed Day Count Fraction}$ provided that the resultant amount shall be rounded to the nearest cent with USD 0.005 being rounded up

The Calculation Agent shall notify the Issuer, the Agent and the Noteholders of its determination of the Early Redemption Amount, the Final Redemption Amount and Fixed Interest Amount payable on the Early Redemption Date (if any) or the Maturity Date or the Fixed Interest Date (as applicable), as soon as practicable after such determination (but in no event later than five Business Days prior to the Early Redemption Date or Maturity Date and/or relevant Fixed Interest Date, as applicable).

If the PHP Rate is not available for any reason by reference to the applicable price sources on any Rate Fixing Date, the Calculation Agent shall determine that a Price Source Disruption Event (a "**Price Source Disruption Event**") has occurred, and shall promptly inform the Issuer, the Noteholders and the Agent of such occurrence. Following the determination of the occurrence of a Price Source Disruption Event, Noteholders will not be entitled to any amounts in respect of the Notes until the earlier to occur of:

- (i) the day falling five Business Days after the day on which the Issuer is notified by the Calculation Agent that a Price Source Disruption Event no longer subsists; and
- (ii) the Postponed Fixed Interest Date (as defined below), the Postponed Maturity Date (as defined below) or the Postponed Early Redemption Date (as defined below), as the case may be.

If on the tenth Business Day following the scheduled Rate Fixing Date the PHP06 and PHP05 are both still unavailable then the PHP Rate shall be the average of such firm quotes (expressed as the number of PHP per one USD) from four Reference Dealers (as defined below) as the Calculation Agent is able to obtain for the sale of PHP and the purchase of USD at or about 4.00 p.m. Manila time on the applicable Rate Fixing Date for settlement one Manila Business Day thereafter, provided, however, that if fewer than four (but at least two) Reference Dealers provide such firm quotes then the average of the quotes actually obtained shall apply.

If none, or only one, of the Reference Dealers provides such a firm quote the Calculation Agent will determine the PHP Rate in its sole discretion, acting in good faith and in a commercially reasonable manner.

For the avoidance of doubt, no additional amounts shall be payable by the Issuer in respect of any delay in payment beyond the originally scheduled Fixed Interest Date, the Maturity Date, or as the

case may be, the Early Redemption Date (in each case, as adjusted, if appropriate, in accordance with the Following Business Day Convention) to the Postponed Fixed Interest Date, the Postponed Maturity Date or the Postponed Early Redemption Date (as appropriate) because of the operation of the provisions of this Annex.

For the avoidance of doubt, if the Postponed Early Redemption Date, Postponed Fixed Interest Date or Postponed Maturity Date is not a Business Day, then such date (as applicable) shall occur on the next following Business Day.

For the purposes of these provisions:

“Business Day” means any day (other than Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the business centre(s) specified, or, if no business centre is specified, in London, Manila, New York City and Singapore;

“Calculation Agent” means BNP Paribas in accordance with the provisions of the Calculation Agency Agreement entered into between the Issuer and the Calculation Agent dated 26 January 2006 (as amended and/or supplemented from time to time). All references to the Calculation Agent shall include any successor or successors to BNP Paribas as Calculation Agent in respect of the Notes;

“Early Redemption Date” means the date on which the Notes become due and payable pursuant to Condition 9;

“Manila Business Day” means any day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in Manila;

“PHP Rate” means, in respect of a Rate Fixing Date, PHP06. If PHP06 is unavailable on Reuters page “PDSPEO” (or any page which may replace such service) or on www.pdex.com/ph/ for any reason, then PHP05 shall be used to determine the PHP Rate on such Rate Fixing Date;

“PHP05” or **“SFEMC PHP INDICATIVE SURVEY RATE”** each mean, in respect of a Rate Fixing Date, the PHP/USD spot rate expressed as the amount of PHP per one USD, for settlement in one Manila Business Day, as published on SFEMC’s website (www.sfemc.org) (or on any successor page or service) at approximately 3:30 p.m., Singapore time, or as soon thereafter as practicable, on such Rate Fixing Date. The spot rate will be calculated by SFEMC (or a service provider SFEMC may select in its sole discretion) pursuant to the SFEMC PHP Indicative Survey Methodology;

“PHP06” or **“PHP PDSPEO”** each mean, in respect of a Rate Fixing Date, the PHP/USD morning weighted average rate expressed as the amount of PHP per one USD, for settlement in one Manila Business Day, reported by the Philippine Dealing System PDEX (or on any successor service) which (i) appears on THE Reuters Screen “PDSPEO” page to the right of the caption “AM WT AVE” (or on any successor page or service) at approximately 11:30 a.m., Manila time, or as soon as practicable thereafter, on that Rate Fixing Date or, in the absence of which (ii) appears on the FX Summary page of www.pdex.com.ph/ to the right of the caption “AM WT AVE” (or on any successor page or service) for the relevant Rate Fixing Date;

“Postponed Early Redemption Date” means the tenth Business Day following the originally scheduled Early Redemption Date, (if any);

“Postponed Fixed Interest Date” means the tenth Business Day following the originally scheduled Fixed Interest Date;

“Postponed Maturity Date” means the tenth Business Day following the originally scheduled Maturity Date;

“Rate Fixing Date” means the date which is five Manila, London, New York and Singapore Business Days before the applicable Fixed Interest Date, Maturity Date or Early Redemption Date. If a Price Source Disruption Event occurs or otherwise subsists on such day, the Rate Fixing Date shall be the earlier of (i) the Business Day on which the Issuer is notified by the Calculation Agent that a

Price Source Disruption Event no longer subsists and (ii) the day which is five Business Days before the applicable Postponed Early Redemption Date, Postponed Fixed Interest Date or Postponed Maturity Date, as the case may be;

“Reference Dealers” means leading dealers, banks or banking corporations which regularly deal in the PHP/USD exchange market, as selected by the Calculation Agent in its sole discretion, acting in good faith and in a commercially reasonable manner; and

“SFEMC PHP Indicative Survey Methodology” means a methodology, dated as of December 1, 2004, as amended from time to time, for a centralised industry-wide survey of financial institutions that are active participants in the PHP/USD markets for the purpose of determining the SFEMC PHP Indicative Survey Rate.

For the avoidance of doubt, for purposes of this Annex, the “Fixed Interest Amount” shall also mean the Final Broken Amount.
