

UK MiFIR product governance / professional investors and ECPs target market only - Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**"), and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of "retained EU law", as defined in the European Union (Withdrawal) Act 2018; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

For the purposes of this provision, the expression "**manufacturer**" means the Dealer.

European Bank for Reconstruction and Development (the "**Issuer**") does not fall under the scope of application of UK MiFIR. Consequently, the Issuer does not qualify as an "investment firm", "manufacturer" or "distributor" for the purposes of UK MiFIR.

36 Additional Information:

(i) Additional Information

The provisions set out in the Annex hereto shall apply to the Terms and Conditions in accordance therewith.

(ii) Investment considerations:

There may exist at times only limited markets for the Notes resulting in low or non-existent volumes of trading in the Notes and such obligations, and therefore a lack of liquidity and price volatility of the Notes and such obligations.

Georgian Lari Exchange Risk

The Final Redemption Amount, Early Redemption Amount (if applicable) and the Interest Amount on the Notes are linked to the Georgian Lari, the lawful currency of Georgia (“GEL”). Currency exchange rates may be volatile and will affect the return to the holder of the Notes. The National Bank of Georgia can from time to time intervene in the foreign exchange market. These interventions or other governmental actions could adversely affect the value of the Notes in U.S. Dollars, as well as the actual yield (in U.S. Dollar terms) on the Notes and the amounts payable on the Notes. Even in the absence of governmental action directly affecting currency exchange rates, political or economic developments in Georgia or elsewhere could lead to significant and sudden changes in the exchange rate between the Georgian Lari and the U.S. Dollar.

Annex

Additional Terms Relating to the Calculation of Interest Amount, Early Redemption Amount and Final Redemption Amount

The Final Redemption Amount or the Early Redemption Amount, as applicable, per Specified Denomination will be payable in USD on the Maturity Date or the Early Redemption Date, as applicable, and will be determined by the Calculation Agent on the relevant Rate Fixing Date (subject to the Disruption Event Provision below), as follows, rounded up to the nearest cent:

Reference GEL Amount *divided by* the Exchange Reference Rate

The Interest Amount per Specified Denomination will be payable in USD on the relevant Fixed Interest Date and will be determined by the Calculation Agent on the relevant Rate Fixing Date (subject to the Disruption Event Provision below), as follows, rounded up to the nearest cent:

(Fixed Rate of Interest x Reference GEL Amount x Fixed Day Count Fraction) *divided by* the Exchange Reference Rate

As soon as possible on or after the relevant Rate Fixing Date (but in no event later than the Business Day immediately prior to each Fixed Interest Date, the Maturity Date or the Early Redemption Date, as applicable), the Calculation Agent shall notify the Agent (who will in turn inform the Noteholders) and the Issuer of the relevant Exchange Reference Rate.

The Calculation Agent shall notify the Issuer and the Agent (who will in turn inform the Noteholders) of its determination of the Final Redemption Amount, the Early Redemption Amount and the Interest Amount payable per Specified Denomination on the Maturity Date, Early Redemption Date or relevant Fixed Interest Date (as applicable), as soon as practicable after such determination, but in no event later than one Business Day prior to the Maturity Date, Early Redemption Date and/or relevant Fixed Interest Date (as applicable).

Disruption Event Provisions

If the Exchange Reference Rate is not available for any reason at 1.00 p.m. (Tbilisi time) on any Rate Fixing Date, then the Calculation Agent shall determine that a Price Source Disruption Event (a "**Price Source Disruption Event**") has occurred, and shall promptly inform the Issuer and the Agent (who will in turn inform the Noteholders) of such occurrence.

Following the determination of the occurrence of a Price Source Disruption Event, the Calculation Agent shall then determine the Exchange Reference Rate on the following basis. The Exchange Reference Rate shall be the arithmetic mean of such firm quotes (expressed as the number of GEL per one USD) from four Reference Dealers as the Calculation Agent is able to obtain for the sale of GEL and the purchase of USD at or about 3.00 p.m. (Tbilisi time) on the relevant Rate Fixing Date, provided however, that if fewer than four (but at least two) Reference Dealers provide such firm quotes then the Exchange Reference Rate shall be the arithmetic mean of the quotes actually obtained. If none, or only one, of the Reference Dealers provides such a firm quote, the relevant Exchange Reference Rate shall be determined by the Calculation Agent in its discretion, acting in good faith and in a commercially reasonable manner.
