

## **MiFID II product governance / Professional investors and ECPs only target market:**

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in Directive 2014/65/EU (as amended, "MiFID II"); and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

For the purposes of this provision, the expression "manufacturer" means the Dealer.

European Bank for Reconstruction and Development (the "Issuer") does not fall under the scope of application of MiFID II. Consequently, the Issuer does not qualify as an "investment firm", "manufacturer" or "distributor" for the purposes of MiFID II.

(i)

(ii) Investment Considerations:

**Myanmar Kyat Exchange Risk**

The Final Redemption Amount, Early Redemption Amount (if applicable) and the Interest Amounts on the Notes are linked to Myanmar Kyat, the lawful currency of the Republic of the Union of Myanmar (“**MMK**”). Currency exchange rates may be volatile and will affect the return to the holder of the Notes. The Government of the Republic of the Union of Myanmar can from time to time intervene in the foreign exchange market. These interventions or other governmental actions could adversely affect the value of the Notes in USD, as well as the actual yield (in USD terms) on the Notes and the amounts payable on the Notes. Even in the absence of governmental action directly affecting currency exchange rates, political or economic developments in the Republic of the Union of Myanmar or elsewhere could lead to significant and sudden changes in the exchange rate between MMK and USD.

**Notes are Not Liquid Instruments**

There may exist at times only limited markets for the Notes resulting in low or non-existent volumes of trading in the Notes, and therefore a lack of liquidity and price volatility of the Notes.

**37** Total Commissions:

0.30 per cent. of the Nominal Amount

## **Annex**

### **Calculation of Interest Amount, Early Redemption Amount and Final Redemption Amount**

The Final Redemption Amount or the Early Redemption Amount (if any), as applicable, per Calculation Amount will be payable in USD on the Maturity Date or the Early Redemption Date, as applicable, and will be determined by the Calculation Agent on the relevant Rate Fixing Date, as follows, rounded up to the nearest cent:

Reference MMK Amount *divided by* the Exchange Reference Rate

For the avoidance of doubt, the Final Redemption Amount or the Early Redemption Amount, as applicable, payable under the Notes shall be obtained by multiplying the amount above by N.

The Interest Amount per Calculation Amount will be payable in USD on the corresponding Fixed Interest Date and will be calculated by the Calculation Agent as follows, on the relevant Rate Fixing Date, rounded up to the nearest cent:

(Fixed Rate of Interest x Reference MMK Amount x Fixed Day Count Fraction) *divided by* the Exchange Reference Rate

For the avoidance of doubt, the Interest Amount payable under the Notes shall be obtained by multiplying the amount above by N.

The Calculation Agent shall notify the Issuer and the Agent (who will in turn inform the Noteholders) of its determination of the relevant Exchange Reference Rate as soon as practicable after such determination on the relevant Rate Fixing Date. If the Exchange Reference Rate published by the Central Bank of the Republic of the Union of Myanmar or by Bloomberg is not available on the Rate Fixing Date, the Calculation Agent shall immediately inform the Issuer and the Agent of such an occurrence.

The Calculation Agent shall notify the Issuer and the Agent (who will in turn inform the Noteholders) of its determination of the Final Redemption Amount, the Early Redemption Amount (if any) and the Interest Amount payable per Calculation Amount on the Maturity Date, Early Redemption Date or relevant Fixed Interest Date (as applicable), as soon as practicable after such determination (but in no event later than one Business Day prior to the Maturity Date, Early Redemption Date and/or relevant Fixed Interest Date, as applicable).

### **Disruption Event Provisions**

If the Exchange Reference Rate is not available for any reason on any Rate Fixing Date, then the Calculation Agent shall determine that a price source disruption event (a "**Price Source Disruption Event**") has occurred, and shall promptly inform the Issuer and the Agent of such an occurrence.

The Calculation Agent shall then determine the Exchange Reference Rate on the following basis:

- (i) The Exchange Reference Rate shall be USD/MMK Bloomberg close (CMPL) where "USD/MMK Bloomberg close (CMPL)" means the USD/MMK Bloomberg close mid-rate (Composite London), which is expressed as the amount of MMK per one USD, and appears on the relevant Rate Fixing Date or on the following Business Day, or if not available;
- (ii) Then the Exchange Reference Rate shall be determined by the Calculation Agent using firm quotes (expressed as the number of MMK per one USD) from up to five (5) Reference Dealers as the Calculation Agent is able to obtain for the sale of MMK and

the purchase of USD between 11.00 a.m. and 4.00 p.m. (Yangon time) on the Business Day following the Rate Fixing Date, for settlement on the next Yangon Business Day;

- (iii) If fewer than two quotations are provided, the Exchange Reference Rate will be determined by the Calculation Agent in its sole discretion, acting in good faith and in an impartial and in a commercially reasonable manner in accordance with its normal procedures for determining such exchange rate (or a comparable exchange rate) at such time.
