

UK MiFIR product governance / Professional investors and ECPs target market:

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**") and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018 ("**UK MiFIR**"); and (ii) all channels for distribution of the Notes are appropriate. Any person subsequently offering, selling or recommending the Notes (a "distributor") should take into consideration the manufacturer's target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

For the purposes of this provision, the expression "**manufacturer**" means the Dealer.

European Bank for Reconstruction and Development (the "**Issuer**") does not fall under the scope of application of UK MiFIR. Consequently, the Issuer does not qualify as an "investment firm", "manufacturer" or "distributor" for the purposes of UK MiFIR.

41 Additional Information:

Risk warnings:

Regulation, reform, and the potential or actual discontinuation of “benchmarks”, including EURIBOR, may adversely affect the Notes, including the value of, and return on the Notes.

EURIBOR, and other rates and indices which are deemed to be “benchmarks” are the subject of recent national, international and other regulatory guidance and proposals for reform. Some of these reforms and guidance are already effective such as Regulation (EU) 2016/1011 (the “EU Benchmark Regulation”) which came into force on 1 January 2018, whilst others are still to be implemented.

EURIBOR and its administrator have been authorised under the EU Benchmarks Regulation since 4 July 2019, following a methodological overhaul that seeks to minimise the use of expert judgement in the setting of the rates by making greater use of actual transactions. Nevertheless, as highlighted by the European Central Bank, the long-term sustainability of EURIBOR depends on factors such as whether the panel of contributing banks continues to support it and whether or not there is sufficient activity in its underlying market. There is a risk that the administrator of EURIBOR may have its authorisation withdrawn, preventing it from continuing to provide EURIBOR, or may cease to administer EURIBOR because of the costs of compliance with the EU Benchmarks Regulation and other applicable regulations and the risks associated therewith.

Further changes to the methodology for calculating EURIBOR or EURIBOR’s discontinuation could have a material impact on notes linked to EURIBOR such as the Notes. The cessation of EURIBOR or changes in the manner of administration of

EURIBOR, could require or result in an adjustment to the interest provisions of the Notes or in other consequences in respect of the Notes. Furthermore, even prior to the implementation of any changes, uncertainty as to the nature of alternative reference rates and as to potential changes to EURIBOR may adversely affect EURIBOR during the term of the Notes, the return on the Notes and the trading market for securities based on EURIBOR.

Investors in the Notes should be aware that, if EURIBOR were to be discontinued or otherwise unavailable, or if three month EURIBOR ceases to be an industry accepted rate for debt market instruments during the life of the Notes, as determined by the Agent in its sole discretion, the rate of interest on the Notes will be determined for the relevant period(s) by the fallback provisions set out in the 2006 ISDA Definitions. These fallback provisions include a fallback to an adjusted overnight rate set in arrears (EuroSTR), rather than a forward looking term rate set in advance.

No consent of the Noteholders shall be required in connection with effecting any relevant successor rate or substitute rate (as applicable) or any other related adjustments and/or amendments described above.
