

UK MiFIR product governance /Professional investors and ECPs only target market:

Solely for the purposes of the manufacturer's product approval process, the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties, as defined in the FCA Handbook Conduct of Business Sourcebook ("**COBS**") and professional clients, as defined in Regulation (EU) No 600/2014 as it forms part of domestic law by virtue of the European Union (Withdrawal) Act 2018, as amended, only; and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the Notes (a "**distributor**") should take into consideration the manufacturer's target market assessment; however, a distributor subject to the FCA Handbook Product Intervention and Product Governance Sourcebook (the "**UK MiFIR Product Governance Rules**") is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the manufacturer's target market assessment) and determining appropriate distribution channels.

For the purposes of this provision, the expression "**manufacturer**" means the Dealer.

European Bank for Reconstruction and Development (the "**Issuer**") does not fall under the scope of application of UK MiFIR. Consequently, the Issuer does not qualify as an "investment firm", "manufacturer" or "distributor" for the purposes of UK MiFIR.

Annex

The Rate of Interest for each Interest Period will, subject as provided below, be Compounded SONIA plus the Margin.

For any Interest Period, “**Compounded SONIA**” will be calculated by the Calculation Agent on each Interest Determination Date as follows and the resulting percentage will be rounded, if necessary, to the nearest one ten-thousandth of a percentage point, with 0.00005 being rounded upwards:

$$\left(\frac{\text{SONIA Compounded Index}_{\text{End}}}{\text{SONIA Compounded Index}_{\text{Start}}} - 1 \right) \times \frac{365}{d_c}$$

where:

“**d_c**” means the number of calendar days from (and including) SONIA Compounded Index_{Start} to (but excluding), SONIA Compounded Index_{End};

“**London Banking Day**” or “**LBD**” means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

“**SONIA Compounded Index Value**” means, in relation to an Index Determination Date, the value that is provided by the administrator of the Sterling Overnight Index Average (“**SONIA**”) reference rate or by a successor administrator to authorised distributors and then published on the Relevant Screen Page at 12.30 p.m. (London time) on such Index Determination Date, as determined by the Calculation Agent;

“**SONIA Compounded Index_{End}**” means the SONIA Compounded Index Value on the day which is two London Banking Days preceding (i) the Interest Payment Date relating to such Interest Period, or (ii) in the final Interest Period, the Maturity Date, or (iii) if the Notes become due and payable, the date on which the Notes become due and payable (each, an “**Index Determination Date**”); and

“**SONIA Compounded Index_{Start}**” means the SONIA Compounded Index Value on the day which is two London Banking Days preceding the first day of the relevant Interest Period (or in the first period, the Issue Date) (an “**Index Determination Date**”).

If, in respect of any Index Determination Date, the Calculation Agent determines that the SONIA Compounded Index Value is not available on the Relevant Screen Page and has not otherwise been published by the relevant authorised distributors, or failing which, it has not otherwise been published on the website of the Bank of England as the administrator of such rate at <https://www.bankofengland.co.uk/boeapps/database/fromshowcolumns.asp?Travel=NlxSUx&FromSeries=1&ToSeries=50&DAT=RNG&FD=1&FM=Jan&FY=2010&TD=18&TM=Nov&TY=2020&FNY=&CSVF=TT&html.x=84&html.y=46&C=UMQ&Filter=N> (or any successor website of the Bank of England or successor administrator for the purposes of publishing the SONIA Compounded Index), then “**Compounded SONIA**” will be calculated by the Calculation Agent on the relevant Interest Determination Date, as follows, and the resulting percentage will be rounded if necessary to the fourth decimal place, with 0.00005 being rounded upwards:

$$\left[\prod_{i=1}^{d_o} \left(1 + \frac{\text{SONIA}_i \times n_i}{365} \right) - 1 \right] \times \frac{365}{d}$$

where:

“**d**” is the number of calendar days in the relevant Reference Period;

“**d_o**” is the number of London Banking Days in the relevant Reference Period;

“**i**” is a series of whole numbers from one to d_0 , each representing the relevant London Banking Day in chronological order from, and including, the first London Banking Day in the relevant Reference Period;

“**London Banking Day**” or “**LBD**” means any day on which commercial banks are open for general business (including dealing in foreign exchange and foreign currency deposits) in London;

“**n_i**” for any London Banking Day “**i**” in the relevant Reference Period means the number of calendar days from and including such day “**i**” up to, but excluding, the following London Banking Day;

“**Reference Period**” means the period from and including the date falling two London Banking Days prior to the first day of the relevant Interest Period (and the first Interest Period shall begin on and include the Interest Commencement Date) and ending on, but excluding, the date falling two London Banking Days prior to the Interest Payment Date for such Interest Period (or the date falling two London Banking Days prior to such earlier date, if any, on which the Notes become due and payable);

“**Relevant Fallback Screen Page**” means Bloomberg Screen page SONIO/N;

“**SONIA Reference Rate**”, in respect of any London Banking Day, is a reference rate equal to the daily Sterling Overnight Index Average (“**SONIA**”) rate for such London Banking Day as provided by the administrator of SONIA to authorised distributors and as then published on the Relevant Fallback Screen Page or, if the Relevant Fallback Screen Page is unavailable, as otherwise published by such authorised distributors (on the London Banking Day immediately following such London Banking Day); and

“**SONIA_i**” means the SONIA Reference Rate for the London Banking Day “**i**” in the relevant Reference Period (and published on the following London Banking Day).

For the avoidance of doubt, the formula for the calculation of Compounded SONIA only compounds the SONIA Reference Rate in respect of any London Banking Day. The SONIA Reference Rate applied to a day that is a non-London Banking Day will be taken by applying the SONIA Reference Rate for the previous London Banking Day but without compounding.

If, in respect of any London Banking Day in the relevant Reference Period, the Calculation Agent determines that the SONIA Reference Rate is not available on the Relevant Fallback Screen Page or has not otherwise been published by the relevant authorised distributors, or failing which, it has not otherwise been published on the website of the Bank of England as the administrator of such rate at <https://www.bankofengland.co.uk/boeapps/database/fromshowcolumns.asp?Travel=NixAZxSUx&FromSeries=1&ToSeries=50&DAT=RNG&FD=1&FM=Jan&FY=2010&TD=11&TM=May&TY=2025&FNY=Y&CSVF=TT&html.x=66&html.y=26&SeriesCodes=IUDSOIA&UsingCodes=Y&Filter=N&title=IUDSOIA&VPD=Y> (or any successor website of the Bank of England or successor administrator for the purposes of publishing the SONIA Reference Rate), such SONIA Reference Rate shall be:

- (a) (i) the Bank of England's Bank Rate (the “**Bank Rate**”) prevailing at close of business on the relevant London Banking Day; plus (ii) the mean of the spread of the SONIA Reference Rate to the Bank Rate over the previous five days on which a SONIA Reference Rate has been published, excluding the highest spread (or, if there is more than one highest spread, one only of those highest spreads) and the lowest spread (or, if there is more than one lowest spread, one only of those lowest spreads) to the Bank Rate; or
- (b) if the Bank Rate is not published by the Bank of England at close of business on the relevant London Banking Day, the SONIA Reference Rate published on the Relevant Fallback Screen

Page (or otherwise published by the relevant authorised distributors) for the first preceding London Banking Day on which the SONIA Reference Rate was published on the Relevant Fallback Screen Page (or otherwise published by the relevant authorised distributors).

Notwithstanding the paragraph above, if the Bank of England publishes guidance as to (i) how the SONIA Reference Rate is to be determined or (ii) any rate that is to replace the SONIA Reference Rate, the Calculation Agent shall, to the extent that it is reasonably practicable, follow such guidance in order to determine SONIA for the purpose of the Notes for so long as the SONIA Reference Rate is not available or has not been published by the authorised distributors.

If the SONIA Reference Rate ceases to exist or to be an industry accepted rate for debt market instruments during the life of the Notes, and the Calculation Agent determines that there is no industry accepted successor base rate for debt market instruments linked to the SONIA Reference Rate, and that no substitute or other successor base rate is comparable to the SONIA Reference Rate, the Rate of Interest will be determined by the Calculation Agent (as specified in this Pricing Supplement) in its sole discretion and acting in good faith and in a commercially reasonable manner.

If the Notes become due and payable in accordance with Condition 9, the final Interest Determination Date shall, notwithstanding any Interest Determination Date specified in the Pricing Supplement, be deemed to be the date that is two London Banking Days prior to the date on which the Notes became due and payable and the Rate of Interest on the Notes shall, for so long as the Notes remain outstanding, be that determined on such date.

For the purposes of this Pricing Supplement, “**Bloomberg Screen**” means, when used in connection with any designated page, the display page so designated on the Bloomberg service, or (i) any successor display page, other published source, information vendor or provider that has been officially designated by the sponsor of the original page or source; or (ii) if the sponsor has not officially designated a successor display page, another published source, service or provider (as the case may be), the successor display page, other published source, service or provider, if any, designated by the relevant information vendor or provider (if different from the sponsor).
