As defined by Moody’s, an “Aaa” rating means that the Issuer’s ability to meet its financial obligations is judged to be of the highest quality, with minimal credit risk. ## Annex A

### Calculation of amount in JPY of Early Redemption Amount and Final Redemption Amount per Specified Denomination

The Early Redemption Amount and the Final Redemption Amount, as applicable, per Specified Denomination will be payable in JPY on the Early Redemption Date (if any) or the Maturity Date, as applicable (subject to the disruption event provisions below), and determined by the Calculation Agent as follows, on the corresponding Valuation Date:

In the case of the Early Redemption Amount:

Early Redemption Amount per Specified Denomination *multiplied by* the Reference Rate

In the case of the Final Redemption Amount:

100 per cent. of the Specified Denomination *multiplied by* the Reference Rate

*Provided that*, in each case, the resultant amount shall be rounded to the nearest whole JPY (with JPY 0.5 being rounded up).

As soon as possible on or after the corresponding Valuation Date (but in no event later than the Business Day immediately following the Valuation Date), the Calculation Agent shall notify the Agent of the Reference Rate.

The Calculation Agent shall notify the Issuer, the Agent and the Noteholders of its determination of the Early Redemption Amount and the Final Redemption Amount payable on the Early Redemption Date (if any) or the Maturity Date, as applicable, as soon as practicable after such determination (but in no event later than four (4) Business Days prior to the Early Redemption Date or the Maturity Date, as applicable).

If the USD/ARS Rate is not available for any reason on Bloomberg page <ARS MAEM> <CURRENCY> or on any successor page or on the MAE web site ([www.mae.com.ar/mercados/forex/default.aspx](http://www.mae.com.ar/mercados/forex/default.aspx)) on any Valuation Date, the Calculation Agent shall determine that a price source disruption event (a "Price Source Disruption Event") has occurred, and shall promptly inform the Issuer and the Agent of such occurrence. Following the determination of the occurrence of a Price Source Disruption Event, Noteholders will not be entitled to any amounts in respect of the Notes until the earlier to occur of:

- (i) the day falling five (5) Business Days after the day on which the Issuer is notified by the Calculation Agent that a Price Source Disruption Event no longer subsists; and
- (ii) the Postponed Maturity Date (as defined below) or the Postponed Early Redemption Date (as defined below), as the case may be.

If on the thirtieth (30th) day following determination of the occurrence of a Price Source Disruption Event the USD/ARS Rate (or successor pages) is still unavailable then the USD/ARS Rate shall be the EMTA ARS Indicative Survey Rate.

If the EMTA ARS Indicative Survey Rate is not published or not available on the relevant Valuation Date, the USD/ARS Rate shall be the average of such firm quotes (expressed as the number of ARS per one USD) from four Reference Dealers (as defined below) as the Calculation Agent is able to obtain for the sale of USD and the purchase of ARS at or about 1.00 p.m. Buenos Aires time on the applicable Valuation Date for settlement two Buenos Aires Business Days thereafter, provided, however, that if fewer than four (but at least two) Reference Dealers provide such firm quotes then the average of the quotes actually obtained shall apply.

If none, or only one, of the Reference Dealers provides such a firm quote the Calculation Agent will determine the USD/ARS Rate (or a method for determining the USD/ARS Rate) in good faith and in a commercially reasonable manner.

For the avoidance of doubt, if the Postponed Early Redemption Date or Postponed Maturity Date is not a Business Day, then such date (as applicable) shall occur on the next following Business Day.

For the purposes of these provisions:

**“Buenos Aires Business Day”** means a day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in Buenos Aires, Argentina.

**“Business Day”** means any day (other than Saturday or Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in the business centre(s) specified or, if no business centre is specified, in Tokyo, London, New York City and Buenos Aires.

**“Calculation Agent”** means ING Bank NV, London branch (**“ING Bank”**) in accordance with the provisions of the Calculation Agency Agreement entered into between the Issuer and ING Bank on 1 April, 1998 (as amended and/or supplemented from time to time). All references to the Calculation Agent shall include any successor or successors to the ING Bank as Calculation Agent in respect of the Notes. The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent under the Notes and pursuant to the Calculation Agency Agreement shall (in the absence of manifest error) be final and binding on all parties (including, but not limited to, the Issuer and the Noteholders) and shall be made in its sole discretion, in good faith and in a commercially reasonable manner in accordance with the Calculation Agency Agreement. In performing its duties under the Notes, the Calculation Agent shall act in accordance with the Calculation Agency Agreement.

**“Early Redemption Date”** means the date on which the Notes become due and payable pursuant to Condition 9.

**“EMTA ARS Indicative Survey Rate”** or **“ARS 04”** each means that the USD/ARS Rate for a Relevant Date will be the Argentine Peso/U.S. Dollar Specified Rate for U.S. Dollars, expressed as the amount of Argentine Pesos per one U.S. Dollar, for settlement on the same day, as published on EMTA’s web site ([www.emta.org](http://www.emta.org)) (or any successor or replacement page to such page) at approximately 1:00 p.m. (Buenos Aires time), or as soon thereafter as practicable, on such Valuation Date. The EMTA ARS Indicative Survey Rate shall be calculated by EMTA (or a service provider EMTA may select in its sole discretion) pursuant to the EMTA ARS Indicative Survey Methodology (which means a methodology, dated as of January 2, 2003, as amended from time to time, for a centralised industry-wide survey of financial institutions that are active participants in the Argentine Peso/U.S. Dollar markets for the purpose of determining the EMTA ARS Indicative Survey Rate)

**“Postponed Early Redemption Date”** means the thirtieth (30th) day following the originally scheduled Early Redemption Date (if any).

**“Postponed Maturity Date”** means the thirtieth (30th) day following the originally scheduled Maturity Date.

**“Reference Dealers”** means leading dealers, banks or banking corporations which regularly deal in the USD/ARS exchange market or the USD/JPY exchange market, as the case may be, as selected by the Calculation Agent in its sole discretion, acting in good faith and in a commercially reasonable manner.

**“Reference Rate”** means, the cross rate calculated by dividing “USD/JPY Rate” by “USD/ARS Rate” (such quotient rounded to the nearest four decimal places with 0.00005 being rounded upwards).

**“USD/ARS Rate”** means, in respect of a Valuation Date, the USD/ARS exchange rate expressed as the amount of ARS per one USD, determined by the Calculation Agent by reference to the ARS MAE (ARS05). The ARS MAE or ARS 05 each means that the USD/ARS Rate for a given date (the “Relevant Date”) will be the Argentine Peso/U.S. Dollar Specified Rate for U.S. Dollars, expressed as the amount of Argentine Pesos per one U.S. Dollar, for settlement on the same day, as published both

on Bloomberg page <ARS MAEM> <CURRENCY> and on MAE web site (www.mae.com.ar/mercados/forex/default.aspx) at approximately 1:00 p.m. (Buenos Aires time), or as soon thereafter as practicable, on such Valuation Date, provided that the USD/ARS Rate found on the MAE's website shall prevail in case of conflict with the USD/ARS rate appearing on Bloomberg page <ARS MAEM> <CURRENCY>.

"USD/JPY Rate" means, in respect of a Valuation Date, the USD/JPY exchange rate, expressed as the amount of JPY per one USD for by reference to the closing mid spot rate displayed on Bloomberg Page "BFLX" at approximately 5:00 p.m. London time on such Valuation Date.

If, for the relevant Valuation Date, no such rate is displayed on such Bloomberg Page, the rate on such Valuation Date shall be determined by the Calculation Agent as follows:

The Calculation Agent will request five Reference Dealers (selected by the Calculation Agent at its sole discretion, acting in a commercially reasonable manner) for their mid market quotations of the USD/JPY spot exchange rate at approximately 5:00 p.m. London time on such date. The highest and the lowest of such quotations will be disregarded and the arithmetic mean of the remaining three quotations will be the USD/JPY Rate.

If only four quotations are so provided, then the USD/JPY Rate shall be the arithmetic mean of such quotations without regard to the highest and lowest values quoted. If fewer than four quotations but at least two quotations can be obtained then the USD/JPY Rate shall be the arithmetic mean of the quotations actually obtained by the Calculation Agent.

If only one quotation is available, in that event, the Calculation Agent will determine that such quotation shall be the USD/JPY Rate, and if no such quotation is available or if the Calculation Agent determines in its sole discretion that no suitable reference bank who is prepared to quote is available, the USD/JPY Rate shall be determined by the Calculation Agent in good faith, acting in a commercially reasonable manner.

The Calculation Agent shall notify the Issuer, the Agent and the Noteholders of its determination of the USD/JPY Rate as soon as practicable after such determination.

"Valuation Date" means the date which is five (5) Business Days prior to the Early Redemption Date (if any) or Maturity Date. If a Price Source Disruption Event occurs or otherwise subsists on such day, the Valuation Date shall be the earlier of (i) the Business Day on which the Issuer is notified by the Calculation Agent that a Price Source Disruption Event no longer subsists and (ii) the fifth (5th) Business Day prior to the Postponed Maturity Date or the Postponed Early Redemption Date (if any), as applicable.
