PART B – OTHER INFORMATION

1 LISTING

Application will be made by the Issuer (or on its behalf) for the Notes to be admitted to trading on the Regulated Market of the London Stock Exchange plc with effect from 16 October 2017 or as soon as practicable thereafter. No assurance can be given that such listing and admission to trading will be obtained on such date, or, if obtained, that it will be maintained.

The Notes have been assigned a temporary ISIN, which shall apply from and including the Issue Date, to and excluding the first Interest Payment Date after the Issue Date (15 December 2017). On such Interest Payment Date, the Notes will be assigned ISIN XS1535796368 and the Notes will be consolidated and form a single series with KZT 15,000,000,000 Inflation Linked Notes due 15 December 2021 issued on 3 October 2017 which were admitted for trading on the regulated market of the London Stock Exchange plc on or about 3 October 2017 and KZT 34,000,000,000 Inflation Linked Notes due 15 December 2021 issued on 15 December 2016 which were admitted to trading on the regulated market of the London Stock Exchange plc on or about 15 December 2016.

2 RATINGS

The Issuer and/or its debt obligations have been assigned an AAA credit rating from Standard & Poor's Credit Market Services Europe Limited ("**S&P**"), an Aaa credit rating from Moody's Investors Service Limited ("**Moody's**") and an AAA credit rating from Fitch France S.A.S. ("**Fitch**"). As defined by S&P, an "AAA" rating means that the ability of the Issuer to meet its financial commitment on its obligations is extremely strong. As defined by Moody's, an "Aaa" rating means that the Issuer's ability to meet its financial obligations is judged to be of the highest quality, with minimal credit risk. As defined by Fitch, an "AAA" rating denotes the lowest expectation of credit risk and means that the Issuer has an exceptionally strong capacity for timely payment of its financial commitments.

Annex A

Settlement Disruption Event and Fallback Provisions

All payments in respect of the Notes will be made in KZT, subject to the occurrence of a Settlement Disruption Event (as defined below) and will in all cases be subject to any fiscal or other laws applicable thereto.

If the Calculation Agent determines (in its sole discretion acting in good faith and in a commercially reasonable manner) that a Settlement Disruption Event has occurred or is subsisting during the Determination Period (as defined below):

- A. the Calculation Agent shall notify the Issuer and the Agent of its determination as soon as practicable after making such determination (but in no event later than 8:00 a.m. (London time) one (1) Business Day after the last day of the Determination Period) whereupon the Agent shall as soon as practicable thereafter (but in no event later than one (1) Business Day after receipt of the aforementioned notice from the Calculation Agent) notify the Noteholders thereof (in accordance with Condition 13 of the Notes), and
- B. Noteholders will not be entitled to any amounts in respect of the Notes until the earlier to occur of (i) the day falling two Business Days after the day on which the Issuer is notified by the Calculation Agent that a Settlement Disruption Event no longer subsists and (ii) the Postponed Interest Payment Date (as defined below), the Postponed Maturity Date (as defined below), or the Postponed Early Redemption Date (as defined below), as the case may be.

If a Settlement Disruption Event no longer subsists, the Calculation Agent shall notify the Issuer and the Agent thereof as soon as practicable on or after the Business Day on which the Settlement Disruption Event no longer subsists (but in no event later than one (1) Business Day thereafter) whereupon the Agent shall as soon as practicable thereafter (but in no event later than one (1) Business Day after receipt of the aforementioned notice from the Calculation Agent) notify the Noteholders thereof (in accordance with Condition 13 of the Notes).

If any amount is to be paid on a Postponed Interest Payment Date, Postponed Maturity Date or Postponed Early Redemption Date (as the case may be), regardless of whether a Settlement Disruption Event is still subsisting at such time, payment shall be made in United States dollars ("USD") and shall be calculated by the Calculation Agent (and promptly notified to the Agent and the Issuer (but in no event later than two Business Days before the Postponed Interest Payment Date, Postponed Maturity Date or Postponed Early Redemption Date (as the case may be)) in an amount per Specified Denomination which shall be produced by the following provisions, such amount to be rounded to the nearest whole cent (with 0.5 cent being rounded upwards):

$$\text{Relevant KZT Amount} + \text{Exchange Rate}$$

For the avoidance of doubt, no additional amounts shall be payable by the Issuer in respect of any delay in payment beyond the originally scheduled Interest Payment Date, Maturity Date, or as the case may be, Early Redemption Date (in each case, as adjusted, if appropriate, in accordance with the Following Business Day Convention) to the Postponed Interest Payment Date, Postponed Maturity Date or Postponed Early Redemption Date (as appropriate) because of the operation of the provisions of this section "Settlement Disruption Event and Fallback Provisions".

For the purposes of these provisions:

"Business Day" means, for the purpose of this Annex A, any day on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in Almaty, London and New York City;

"Determination Period" means (i) in relation to any Interest Payment Date, the period which falls between five and three Business Days (inclusive) preceding any relevant Interest Payment Date, as adjusted in accordance with the Following Business Day Convention; (ii) in relation to the

Maturity Date, the period which falls between five and three Business Days (inclusive) preceding the Maturity Date, as adjusted in accordance with the Following Business Day Convention; and (iii) in relation to any Early Redemption Date, as adjusted in accordance with the Following Business Day Convention, the period which falls between five and three Business Days (inclusive) preceding any Early Redemption Date, as the case may be;

“Early Redemption Date” means the date on which the Notes become due and payable pursuant to Condition 9;

“Exchange Rate” means the average of such firm quotes (expressed in KZT per 1 USD) as the Calculation Agent is able to obtain from the Reference Dealers from which the Calculation Agent has sought quotations at or about 11:00 a.m. (London time) for the sale of KZT and the purchase of USD, on the day falling two Business Days prior to the Postponed Interest Payment Date, Postponed Early Redemption Date (if any) or the Postponed Maturity Date (as the case may be). The highest and lowest of such quotes will be disregarded and the arithmetic mean of the remaining quotations shall be the Exchange Rate, provided, however, that if fewer than four (but at least two) Reference Dealers provide such a firm quote then the average of the quotes actually obtained shall apply. If only one Reference Dealer provides a firm quote then such quote shall apply, and if no Reference Dealer provides such a firm quote, then the Calculation Agent, acting in good faith and in a commercially reasonable manner, shall establish the Exchange Rate in its sole discretion, which may result in an exchange rate of zero;

“Postponed Early Redemption Date” means the twentieth Business Day following the Early Redemption Date (if any);

“Postponed Interest Payment Date” means the twentieth Business Day following the originally scheduled Interest Payment Date;

“Postponed Maturity Date” means the twentieth Business Day following the originally scheduled Maturity Date;

“Reference Dealers” means five leading dealers, banks or banking corporations, including the National Bank of the Republic of Kazakhstan, which deal in the USD/KZT exchange market, selected by the Calculation Agent in its sole discretion, acting in good faith and in a commercially reasonable manner;

“Relevant KZT Amount” means the KZT amount per Specified Denomination which would have been payable on the relevant date if the Settlement Disruption Event had not occurred; and

“Settlement Disruption Event” means each of the following events, as determined by the Calculation Agent in its sole discretion acting in good faith and in a commercially reasonable manner:

- (a) the imposition of laws or regulations by the Central Banking Authority or other legislative, governmental or regulatory authority of the Republic of Kazakhstan, which (i) require non-residents of the Republic of Kazakhstan to obtain permission from such Central Banking Authority or other authority to obtain KZT, or (ii) otherwise restrict a non-resident's ability to obtain KZT, or (iii) otherwise regulate the purchase or holding of KZT such that costs are imposed in obtaining KZT which would not be imposed in the absence of such regulations, or (iv) has the direct or indirect effect of hindering, limiting or restricting the transfer of KZT from the Republic of Kazakhstan to recipients resident in another country; and
- (b) Euroclear and/or Clearstream, Luxembourg (as applicable) suspends or ceases acceptance of KZT as a settlement currency.

Annex B

Additional Terms Relating to the Interest Amount and Rate of Interest Determination

Interest Amount

On each date that is seven Business Days prior to the relevant Interest Payment Date (each an "Interest Determination Date"), the Calculation Agent will determine the Rate of Interest and the Interest Amount per Specified Denomination in respect of the Interest Period ending on, but excluding, such Interest Payment Date in accordance with the provisions below, *provided however*, that the Interest Amounts will, subject to the provisions of Annex A, be paid on the relevant Interest Payment Date in KZT.

As soon as possible on or after the corresponding Interest Determination Date (but in no event later than the second Business Day immediately preceding the relevant Interest Payment Date), the Calculation Agent shall notify the Agent and the Issuer of the Interest Amount per Specified Denomination.

For the avoidance of doubt, the definition of Business Day in Condition 4(b)(i) shall apply to this Annex B.

The Rate of Interest is calculated as follows:

$$\text{Rate of Interest} = \max[\text{Minimum Rate of Interest}, (KI^{\dagger} + \text{Margin})]$$

([†]with "KI" expressed as a percentage)

Where:

"KI" Kazakhstan Inflation (as defined below); and

"Margin" 0.025 per cent.

The Interest Amount per Specified Denomination is calculated as follows:

$$\text{Specified Denomination} \times \text{Rate of Interest, rounded up to the nearest KZT 1}$$

save that in respect of the Interest Payment Date falling in 15 December 2017 the Interest Amount per Specified Denomination shall be the amount calculated in accordance with the above multiplied by a fraction the numerator of which is sixty (60) and the denominator of which is ninety-one (91), with the result being rounded up to the nearest KZT 1.

For the purposes of these provisions:

"Kazakhstan Inflation" is calculated as follows:

$$(KI_1/100) * (KI_2/100) * (KI_3/100) - 1$$

Where:

"KI₁", "KI₂" and "KI₃" mean, respectively, the Kazakhstan consumer price index that is applicable to the first, second and third calendar month prior to the month in which relevant Interest Payment Date falls.

"Kazakhstan consumer price index" means the index calculated by the Committee on Statistics of the Ministry of National Economy of Kazakhstan and which appears on the NBK Page (as defined below) under the heading "Consumer Price Index", in the "month on month basis, %" column, for the relevant calendar month.

For illustrative purposes only, the relevant calendar months in respect of each Interest Period will be as follows:

	Interest Payment Date falls March	Interest Payment Date falls June	Interest Payment Date falls September	Interest Payment Date falls December
KI1	February	May	August	November
KI2	January	April	July	October
KI3	December	March	June	September

“NBK Page” means the National Bank of Kazakhstan’s webpage for the publication of price index statistics which appears on <http://www.nationalbank.kz/?docid=170&switch=english> (or any successor page as determined as such by the Calculation Agent).

Disruption Event

(A) Single Disruption Event

If, on any Interest Determination Date, any one of KI₁, KI₂ or KI₃ (as applicable) for a relevant calendar month is not available (a “**Disrupted Month**”), then the Kazakhstan consumer price index that is applicable to the month immediately preceding the Disrupted Month shall apply to the Disrupted Month; *provided however*, that if more than one of KI₁, KI₂ or KI₃ are unavailable for the relevant calendar months, the Interest Amount per Specified Denomination payable in respect of that Interest Period shall be equal to the Interest Amount per Specified Denomination payable by the Issuer in respect of the immediately preceding Interest Period (each a “**Single Disruption Event**”), *provided however*, that if the Calculation Agent determines that there is no immediately preceding Interest Period, then the Kazakhstan Inflation shall be the Replacement Index (as further described below). If it is not possible to determine the Replacement Index in respect of an Interest Period, then the Interest Amount payable per Specified Denomination in respect of that Interest Period shall be calculated as follows:

$$\text{Official Base Rate (as defined below)} \times \text{Specified Denomination} \times \frac{\text{Floating Day Count}}{\text{Fraction, rounded up to the nearest KZT 1}}$$

(B) Continuing Disruption Event

If, on the Interest Determination Date for the Interest Period immediately following an Interest Period in respect of which a Single Disruption Event has occurred, any one of KI₁, KI₂ or KI₃ (as applicable) for a relevant calendar month is not available (a “**Disrupted Month**”), then the Kazakhstan consumer price index that is applicable to the month immediately preceding the Disrupted Month shall apply to the Disrupted Month; *provided however*, that if more than one of KI₁, KI₂ or KI₃ are unavailable for the relevant calendar months (a “**Continuing Disruption Event**”), the Kazakhstan Inflation shall be the Replacement Index (as further described below). If it is not possible to determine the Replacement Index in respect of an Interest Period, then the Interest Amount payable per Specified Denomination in respect of that Interest Period shall be calculated as follows:

$$\text{Official Base Rate (as defined below)} \times \text{Specified Denomination} \times \frac{\text{Floating Day Count}}{\text{Fraction, rounded up to the nearest KZT 1}}$$

For any Interest Period that follows directly on from an Interest Period in respect of which a Continuing Disruption Event has occurred, the provisions of this paragraph (B) will apply.

For the purposes of the foregoing Disruption Event provisions:

“**Base Index**” means the IMF Index (as defined below) applicable to the third calendar month prior to the month in respect of which an Index Level has been obtained.

"IMF Index" means the Republic of Kazakhstan consumer prices index as published by the International Monetary Fund which appears on Bloomberg Screen Page "9166639 Index" ("Historical Prices Table" function) or any successor page determined as such by the Calculation Agent.

"Index Level" means, in respect of any Interest Period, (i) the IMF Index (as defined above) applicable to the sixth calendar month prior to the calendar month in which the first day of the relevant Interest Period falls, or (ii) if the Index Level and/or the corresponding Base Index (as defined above) cannot be obtained for that month (a **"Disrupted Month"**), the Index Level will be the IMF Index applicable to the calendar month immediately preceding such Disrupted Month, or (iii) if the Index Level and/or the corresponding Base Index (as defined above) is not available for such calendar month immediately preceding such Disrupted Month (a **"Second Disrupted Month"**), the Index Level will be the IMF Index (if any) applicable to the calendar month immediately preceding such Second Disrupted Month (which, for the avoidance of doubt, will be the eighth calendar month prior to the calendar month in which the first day of the relevant Interest Period falls).

"Official Base Rate" means the "official base rate" prevailing on the relevant Interest Determination Date which is published by the National Bank of Kazakhstan on its website <http://www.nationalbank.kz/?docid=107&switch=english> (or any successor page determined as such by the Calculation Agent). As at the Issue Date, the Official Base Rate is 12 per cent. per annum.

"Replacement Index" means, in relation to any Interest Period, the rate that is calculated by dividing the Index Level (as defined above) by the Base Index (as defined above).
