Annex A

Additional Terms Relating to the Calculation of Interest Amount, Early Redemption Amount and Final Redemption Amount

The Final Redemption Amount and Early Redemption Amount, as applicable, per Specified Denomination will be payable in USD on the Maturity Date or on the Early Redemption Date, (as applicable and subject to the disruption event provisions below), and determined by the Calculation Agent on the corresponding Rate Fixing Date, as follows:

Reference KGS Amount divided by the Exchange Reference Rate

The Interest Amount per Specified Denomination will be determined by the Calculation Agent on the corresponding Rate Fixing Date (which, for the avoidance of doubt, shall be 2 Business Days prior to the commencement of the relevant Calculation Period) and will be calculated in accordance with the formula set out below, per Specified Denomination, provided however, that the Interest Amounts will, subject to the provisions of this Annex A, be paid (subject to the disruption event provisions below) on each Interest Payment Date in USD and rounded up to the nearest cent.

As soon as possible on or after the corresponding Rate Fixing Date (but in no event later than the Business Day immediately following the Rate Fixing Date), the Calculation Agent shall notify the Agent and the Issuer of the Exchange Reference Rate.

The Interest Amount per Specified Denomination is calculated as follows:

$Max\{[D * (RI * N/360)] ; 0\}$ divided by the Exchange Reference Rate

Provided that the resultant amount shall be rounded up to the nearest USD with USD 0.5 being rounded up.

Where:

D KGS 75,805,200

RI 6-month KGS T-Bill – 0.20% (expressed as a percentage); and

N The actual number of days in the respective Calculation Period calculated from and including the first day of such period (being the Issue Date or the previous Interest Payment Date as applicable) to but excluding the next Interest Payment Date or the Maturity Date, as applicable.

In case the 6-month KGS T-Bill is not available for any reason on the NBKR website, “Auctions of State Treasury Bills Page” on a Rate Fixing Date or the following Business Day or in case the 6-month KGS T-Bill rate has not been updated for a period of 30 days prior to Rate Fixing Date in respect of a Calculation Period, the rate for such Calculation Period shall be:

The Discount Rate of the NBKR compounded 6 times using the following formula:

$[(1+DR1/360*N1) * (1+DR2/360*N2) * (1+DR3/360*N3) * (1+DR4/360*N4) * (1+DR5/360*N5) * (1+DR6/360*N6)-1] * 360/(N1+N2+N3+N4+N5+N6)$

N1, N2, N3, N4, N5, N6 means the actual number of days in the respective period calculated from and including the first day of such period (being two Bishkek Business Days following the Rate Fixing Date and every month thereafter for the total period of 6 months) to but excluding the same day of each previous month for the total period of 6 months.

DR1, DR2, DR3, DR4, DR5 and DR6 means the latest available Discount Rate of the NBKR as of one Bishkek Business Day following the Rate Fixing Date for which no 6-month KGS T-Bill was available and every month thereafter on the same day of each previous month for the total period of 6 months.

In case it is not possible to establish a rate as per the paragraphs above, the Calculation Agent shall establish the applicable rate for that Calculation Period acting in good faith and in a commercially reasonable manner.

The Calculation Agent shall notify the Issuer, the Agent and the Noteholders of its determination of the Final Redemption Amount, the Early Redemption Amount and Interest Amount payable per Specified Denomination on the Maturity Date, Early Redemption Date or relevant Interest Payment Date (as applicable), as soon as practicable after such determination (but in no event later than one Business Day prior to the Maturity Date, Early Redemption Date and/or relevant Interest Payment Date).

Disruption Event Provisions

If the Exchange Reference Rate is not available for any reason under the designated source or on any successor page on any Rate Fixing Date, then the Calculation Agent shall determine that a Price Source Disruption Event (a "**Price Source Disruption Event**") has occurred, and shall promptly inform the Issuer, the Agent and the Noteholders of such occurrence. Following the determination of the occurrence of a Price Source Disruption Event, Noteholders will not be entitled to any amounts in respect of the Notes until the earlier to occur of:

- (i) the day falling two Business Days after the day on which the Issuer is notified by the Calculation Agent that a Price Source Disruption Event no longer subsists; and
- (ii) the Postponed Interest Payment Date, Postponed Early Redemption Date or the Postponed Maturity Date, as the case may be.

If on the tenth Business Day following the determination of the occurrence of a Price Source Disruption Event, the Exchange Reference Rate is still unavailable then the U.S. Dollar/Kyrgyz som exchange rate (the "**USD/KGS Rate**") shall be the arithmetic mean of such firm quotes (expressed as the number of KGS per one USD) from the Reference Dealers as the Calculation Agent is able to obtain for the sale of KGS and the purchase of USD at or about 4.15 p.m. (Bishkek time) on the applicable Rate Fixing Date for settlement on the next Bishkek Business Day, provided however, that if fewer than four (but at least two) Reference Dealers provide such firm quotes then USD/KGS Rate shall be the arithmetic mean of the quotes actually obtained. If none, or only one, of the Reference Dealers provides such a firm quote, the relevant USD/KGS Rate shall be determined by the Calculation Agent in its discretion, acting in good faith and in a commercially reasonable manner.
