- (ii) Investment Considerations: **Egyptian Pound Exchange Risk**
The Final Redemption Amount, Early Redemption Amount (if applicable) and the Interest Amount on the Notes are linked to Egyptian Pound. Currency exchange rates may be volatile and will affect the return to the holder of the Notes. The Central Bank of Egypt can from time to time intervene in the foreign exchange market. These interventions or other governmental actions could adversely affect the value of the Notes in U.S. Dollars, as well as the actual yield (in U.S. Dollar terms) on the Notes and the amounts payable on the Notes. Even in the absence of governmental action directly affecting currency exchange rates, political or economic developments in Egypt or elsewhere could lead to significant and sudden changes in the exchange rate between the Egyptian Pound and the U.S. Dollar.
- Notes are not liquid Instruments**
There may exist at times only limited markets for the Notes resulting in low or non-existent volumes of trading in the Notes and such obligations, and therefore a lack of liquidity and price volatility of the Notes.
- 37 Total Commissions: 0.30 per cent. of the Nominal Amount

This Pricing Supplement comprises the pricing supplement required for issue and admission to trading on the London Stock Exchange plc's Regulated Market of the Notes described herein pursuant to the Euro 35,000,000,000 Global Medium Term Note Programme of European Bank for Reconstruction and Development as from 20 June 2017, or as soon as practicable thereafter.

7 PERFORMANCE OF RATES OF EXCHANGE AND EXPLANATION OF EFFECT ON VALUE OF INVESTMENT

Certain historical information in respect of the USD/EGP foreign exchange rate is set out in Annex B (Historical Data) hereto.

received by holders of the Notes is affected by the USD/EGP foreign exchange rate. Information in respect of the USD/EGP foreign exchange rate can also be found on the Central Bank of Egypt website.

Annex A

Calculation of Interest Amount, Early Redemption Amount and Final Redemption Amount

The Final Redemption Amount and Early Redemption Amount, as applicable, per Specified Denomination will be payable in USD on the Maturity Date or on the Early Redemption Date (as applicable) and will be determined by the Calculation Agent on the Rate Fixing Date, as follows, rounded up to the nearest cent:

EGP 4,522,650.00 divided by the Exchange Reference Rate

The Interest Amount per Specified Denomination will be payable in USD on the Fixed Interest Date and will be determined and calculated by the Calculation Agent on the Rate Fixing Date, as follows, rounded up to the nearest cent:

(EGP 4,522,650.00 x Fixed Rate of Interest x Fixed Day Count Fraction) divided by the Exchange Reference Rate

As soon as possible on the applicable Rate Fixing Date (but in no event later than the Business Day immediately following the Rate Fixing Date), the Calculation Agent shall notify the Issuer and the Agent of the relevant Exchange Reference Rate. The Calculation Agent shall notify the Issuer, the Agent and the Noteholders of its determination of the Final Redemption Amount, the Early Redemption Amount and the Interest Amount payable per Specified Denomination on the Maturity Date, Early Redemption Date or relevant Interest Payment Date (as applicable), as soon as practicable after such determination (but in no event later than one Business Day prior to the Maturity Date, Early Redemption Date and/or relevant Fixed Interest Date, as applicable).

Disruption Event Provisions

If the Exchange Reference Rate is not available for any reason, on any Rate Fixing Date, then the Calculation Agent shall determine that a Price Source Disruption Event (a "**Price Source Disruption Event**") has occurred, and shall promptly inform the Issuer, the Agent and the Noteholders of such occurrence.

The Calculation Agent shall then determine the Exchange Reference Rate on the following basis. The Exchange Reference Rate shall be the "mid" rate of the arithmetic mean of such firm quotes (expressed as the number of EGP per one USD) from the Reference Dealers as the Calculation Agent is able to obtain for both the sale and purchase of USD against EGP at or about 1.30 p.m. (London time) on the Rate Fixing Date, for settlement on the Maturity Date, provided however, that if fewer than four (but at least two) Reference Dealers provide such firm quotes then the Exchange Reference Rate shall be the "mid" rate of the arithmetic mean of the quotes actually obtained. If none, or only one, of the Reference Dealers provides such a firm quote, the relevant Exchange Reference Rate shall be determined by the Calculation Agent in its discretion, acting in good faith and in a commercially reasonable manner.

For the purposes of this Annex A:

"Business Day" means, in relation to any place, any day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in that place, or if no such place is specified, any day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in Cairo, London and New York City;

"Calculation Agent" means Merrill Lynch International, in accordance with the provisions of the Calculation Agency Agreement, entered into between the Issuer and the Calculation Agent, dated 23 May 1997 (as amended and/or supplemented from time to time). All references to the Calculation Agent shall include any successor or successors to Merrill Lynch International as Calculation Agent in respect of the Notes.

"Early Redemption Date" means the date (if any) on which the Notes become due and payable pursuant to Condition 9.

"Exchange Reference Rate" means, in respect of a Rate Fixing Date the "mid" USD/EGP rate of exchange, expressed as the amount of EGP per one USD, calculated as an average between "Buy" and "Sell" quotations, determined by the Central Bank of Egypt and published on their website (<http://www.cbe.org.eg/en/EconomicResearch/Statistics/Pages/OfficialRatesListing.aspx>) or successor website or source, at approximately 1 p.m. London time, on such Rate Fixing Date.

"Rate Fixing Date" means the date which is two Business Days prior to the Fixed Interest Date, any Early Redemption Date or Maturity Date, as applicable.

"Reference Dealers" means four leading dealers, banks or banking corporations which regularly deal in the USD/EGP foreign exchange market, as selected by the Calculation Agent in its sole discretion, acting in good faith and in a commercially reasonable manner.
