be included in the ordinary capital resources of the Issuer and used in its ordinary operations.

(ii) Estimated net proceeds: USD 5,000,000 representing the equivalent of MXN 64,000,000

(iii) Estimated total expenses: £20,000

5 **YIELD**

Indication of yield: Not Applicable

6 **HISTORIC INTEREST RATES**

Not Applicable

7 **PERFORMANCE OF INDEX/FORMULA/OTHER VARIABLE, EXPLANATION OF EFFECT ON VALUE OF INVESTMENT AND ASSOCIATED RISKS AND OTHER INFORMATION CONCERNING THE UNDERLYING**

See Annex C.

8 **PERFORMANCE OF RATES OF EXCHANGE AND EXPLANATION OF EFFECT ON VALUE OF INVESTMENT**

Certain historical information in respect of the USD/MXN foreign exchange rate is set out in Annex C hereto. In the circumstances described in Annex A hereto, the amount received by holders of the Notes will be affected by the USD/MXN foreign exchange rate. Information in respect of the USD/MXN exchange rate can also be found on Bloomberg.

Annex A

Calculation of Final Redemption Amount, Early Redemption Amount and Additional Amount

1 Final Redemption Amount

The "Final Redemption Amount" per Specified Denomination will be payable in USD and will be determined by the Calculation Agent on the relevant Rate Determination Date as follows:

Specified Denomination *divided by* Reference Rate plus Additional Amount (if any),
provided that the resultant amount shall be rounded to the nearest 0.01 USD with 0.005 USD being rounded up.

2 Early Redemption Amount other than for Change In Law

The Early Redemption Amount per Specified Denomination, other than where the Notes are redeemed as a result of a Change in Law, will be payable in USD and will be determined by the Calculation Agent on the relevant Rate Determination Date as follows:

Specified Denomination divided by Reference Rate,
provided that the resultant amount shall be rounded to the nearest 0.01 USD with 0.005 USD being rounded up.

3 Early Redemption Amount for Change In Law

The Calculation Agent shall notify the Issuer, the Agent and the relevant clearing system(s) within two Business Days of its determination of the occurrence of a Change in Law (such date of notification, the "Change in Law Notification Date"). The Change in Law Notification Date must be at least two Business Days prior to the Maturity Date. Unless there is a Disputed Issue (as defined in Section 4 below), the Notes will then be redeemed by the Issuer on the day which is the earlier of (i) the day falling 20 Business Days after the Change in Law Notification Date and (ii) the Postponed Early Redemption Date (and such date of redemption shall be the Early Redemption Date) and the Early Redemption Amount in respect of each Note shall be an amount in USD determined by the Calculation Agent which represents the fair market value (based upon the Closing Index Level of the Reference Index and the relevant Reference Rate, each as determined by the Calculation Agent) of such Specified Denomination less the cost to the Issuer of unwinding any underlying and/or related hedging and/or funding arrangements in respect of the Notes (including without limitation, options (if any) hedging the Issuer's obligations under the Notes), to be notified by the Calculation Agent to the Issuer, the Agent and the relevant clearing system(s) five Business Days prior to the Early Redemption Date.

"Change In Law" means that after the Issue Date (A) due to the adoption of, or any change in, any applicable law or regulation (including, without limitation, any tax law), or (B) due to the promulgation of or any change in the interpretation by any court, tribunal or regulatory authority with competent jurisdiction of any applicable law or regulation (including any action taken by a taxing authority), the Calculation Agent determines that it

has become unlawful, illegal, or impossible for a Swap Counterparty (as defined below) to hold, acquire or dispose of positions or contracts in either: (i) the Reference Index or stocks underlying the Reference Index that comprise a material proportion of the Reference Index (as determined by the Calculation Agent in good faith and in a commercially reasonable manner), or (ii) USD/MXN foreign exchange derivatives contracts.

For the avoidance of doubt, the Calculation Agent, acting in good faith and in a commercially reasonable manner, shall not determine an event to be a Change in Law unless such event affects leading dealers, banks, banking corporations or other financial institutions that regularly deal in foreign exchange derivatives and positions and contracts in the Reference Index.

“Swap Counterparty” means any counterparty to the Issuer in any derivative transaction entered into or to be entered into by the Issuer to hedge the obligations of the Issuer under the Notes.

4 Objection by the Issuer re Change in Law

If the Issuer does not agree with a determination made by the Calculation Agent in respect of the determination of the occurrence of a Change in Law event (a “Disputed Issue”), the Issuer may, within two (2) Business Days after having obtained the Calculation Agent’s determination notice in writing, notify the Calculation Agent in writing of such Disputed Issue (the “Notice Date”). If the Calculation Agent and the Issuer, acting in good faith, do not resolve any such Disputed Issue within two (2) Business Days of receipt by the Calculation Agent of such notice thereof from the Issuer, the Issuer and the Calculation Agent shall jointly appoint three Independent Experts (as defined below) (or, if the Issuer and the Calculation Agent cannot agree on three Independent Experts within two (2) Business Days, each of them shall select an Independent Expert, which experts shall jointly appoint a third Independent Expert within two (2) Business Days of their own appointment, or, if either of the Issuer and the Calculation Agent fail to appoint an Independent Expert, the non-failing party shall appoint all three Independent Experts (the earliest date when all three (3) Independent Experts have been appointed, the “Appointment Date”) and those three Independent Experts so appointed shall make a determination in relation to the Disputed Issue as follows:

- (i) if the majority of the responding Independent Experts provided the same response as to the Disputed Issue within two (2) Business Days of the Appointment Date (such period, the “Determination Period”), such response shall be binding on the parties, absent manifest error; or
- (ii) if the majority of the Independent Experts did not provide the same response as to the Disputed Issue within two (2) Business Days of the Appointment Date, the responding Independent Experts will jointly appoint a fourth Independent Expert (the “Resolver”) within 2 (two) Business Days from the end of the Determination

Period, and the Resolver will within two (2) Business Days following its own appointment select from the responses originally provided by the responding Independent Experts. The response selected by the Resolver shall be binding on the parties, absent manifest error; or

- (iii) if only one Independent Expert provides a response as to the Disputed Issue within 15 (fifteen) Business Days of the Appointment Date, that response shall be binding on the parties notwithstanding that the other Independent Experts have not provided any response by that time.

If after reasonable commercial effort by the Calculation Agent, no response can be obtained from at least one Independent Expert before the earlier of (i) fifteen (15) Business Days of the Appointment Date and (ii) three (3) Business Days before the Early Redemption Date, the determination of the Calculation Agent shall prevail.

The Dealer shall bear all the costs, fees and expenses (if any) of any Independent Experts called upon to resolve a Disputed Issue and the parties shall agree to waive any claim that they might otherwise have against any Independent Expert for any determination, adjustment or calculation made in good faith pursuant to this provision.

The Notes will be redeemed by the Issuer on the day falling three (3) Business Days after the Disputed Issue is resolved at the Early Redemption Amount specified in Section 3 above.

"Independent Expert" means a leading dealer in the relevant market that is not an Affiliate of either the Issuer or the Dealer or any other appointed Independent Expert.

5 Notice of Final Redemption Amount or Early Redemption Amount

The Calculation Agent shall notify the Issuer, the Agent and the Noteholders of its determination of the Final Redemption Amount (payable on the Maturity Date) or the Early Redemption Amount (payable on the Early Redemption Date), as applicable, as soon as practicable after such determination (but in no event later than the Business Day immediately following the relevant Rate Determination Date).

6 Disruption Event Provisions

If the Reference Rate is not available for any reason as set forth in the definition of Reference Rate below on a Rate Determination Date, the Calculation Agent shall determine that a Price Source Disruption Event (a "Price Source Disruption Event") has occurred and shall promptly inform the Issuer and Agent of such occurrence.

If on the tenth Business Day following the determination of the occurrence of a Price Source Disruption Event, the Reference Rate is still unavailable as set forth in the definition of Reference Rate below, then the Reference Rate shall be the average firm price (expressed as the number of MXN per one USD) obtained by the Calculation Agent from the Reference Dealers for the sale of MXN and the purchase of USD between two financial

institutions domiciled outside Mexico at or about 11:00 a.m. New York time on the Rate Determination Date for settlement in two Business Days, provided, however that if fewer than four (4) (but at least two) Reference Dealers provide such firm quotes, then the Reference Rate shall be the average of the quotes actually obtained. If none, or only one, of the Reference Dealers provides such a firm quote, the Reference Rate shall be determined by the Calculation Agent in its discretion, acting in good faith and in a commercially reasonable manner.

Following the determination of the occurrence of a Price Source Disruption Event, Noteholders will not be entitled to any amounts in respect of the Notes until the Postponed Maturity Date (as defined below), or the Postponed Early Redemption Date (as defined below), as the case may be. For the avoidance of doubt, if payment of any amount due on the Maturity Date or the Early Redemption Date is postponed due to a Price Source Disruption Event, the Noteholders shall not be entitled to any additional sum in respect of such postponed payment.

7 Definitions

For the purposes of these provisions:

“**Additional Amount**” means, in respect of each Specified Denomination, an amount, which may be zero, determined by the Calculation Agent by reference to the following equation:

$$\text{Additional Amount} = \text{USD Denomination Amount} * \text{Participation Rate} * [\text{MAX} \{((\text{Final Index Level}/\text{Initial Index Level}) - 1.0), 0\}]$$

provided that the resultant amount shall be rounded to the nearest 0.01 USD with 0.005 USD being rounded up.

Where:

“**USD Denomination Amount**” means 7.8125;

“**Participation Rate**” means 128 per cent.;

“**Initial Index Level**” means 109.035, being the Closing Index Level on the Fixing Date;

“**Final Index Level**” means the Closing Index Level on the Final Valuation Date; and

“**Closing Index Level**” means the official closing level of the Reference Index as calculated and published by the Reference Index Sponsor by reference to a public source of information such as Bloomberg page SPXT10UE<Index> or as otherwise determined by the Calculation Agent as provided in Annex B;

“**Business Day**” means any day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets are open for general business (including dealings in

foreign exchange and foreign currency deposits) in each of London, Mexico City and New York;

“Calculation Agent” means HSBC Bank plc in accordance with the provisions of the Calculation Agency Agreement entered into between the Issuer and the Calculation Agent dated 23 June 2004 (as amended and/or supplemented from time to time). All references to the Calculation Agent shall include any successor or successors to HSBC Bank plc as Calculation Agent in respect of the Notes. The determination by the Calculation Agent of any amount or of any state of affairs, circumstance, event or other matter, or the formation of any opinion or the exercise of any discretion required or permitted to be determined, formed or exercised by the Calculation Agent under the Notes and pursuant to the Calculation Agency Agreement shall (in the absence of manifest error) be final and binding, save as provided under the Section 4 above on all parties (including, but not limited to, the Issuer and the Noteholders) and shall be made in its sole discretion in good faith and in a commercially reasonable manner in accordance with the Calculation Agency Agreement. In performing its duties under the Notes, the Calculation Agent shall act in accordance with the Calculation Agency Agreement;

“Component” means, with respect to the Reference Index, each constituent stock included in the Reference Index or deemed to be included in the Reference Index through application of the Reference Index Sponsor’s stated methodology;

“Early Redemption Date” means the date on which the Notes become due and payable pursuant to Condition 5(d), or pursuant to an early redemption following a Change in Law, as applicable;

“Exchange” means with respect to the Reference Index and any Component of the Reference Index, the principal stock exchange on which such Component of the Reference Index is, in the determination of the Calculation Agent, principally traded;

“Final Valuation Date” means December 11th, 2017, subject to the provisions of Annex B;

“Fixing Date” means the Trade Date;

“Postponed Early Redemption Date” means the earlier to occur of the day falling (i) two Business Days after the day on which the Issuer is notified by the Calculation Agent that a Price Source Disruption Event no longer subsists and (ii) the tenth Business Day following the Early Redemption Date (if any);

“Postponed Maturity Date” means the earlier to occur of the day falling (i) two Business Days after the day on which the Issuer is notified by the Calculation Agent that a Price Source Disruption Event no longer subsists and (ii) the tenth Business Day following the originally scheduled Maturity Date;

“Rate Determination Date” means the date that is two Business Days prior to the applicable Maturity Date or Early Redemption Date, as the case may be. If a Price Source Disruption

Event occurs or otherwise subsists on such day, the Rate Determination Date shall be the earlier of (i) the Business Day on which the Issuer is notified by the Calculation Agent that a Price Source Disruption Event no longer subsists and (ii) the day which is two Business Days before the Postponed Early Redemption Date (if any) or the Postponed Maturity Date, as the case may be;

"Reference Dealers" means the relevant office of each of HSBC Bank plc, Citibank N.A., Santander, S.A and Deutsche Bank. In the event that any one or more of the Reference Dealers shall cease to operate at such time, such Reference Dealer shall be substituted by any other leading dealer, bank or banking corporation which regularly deals in the USD/MXN foreign exchange market, as selected by the Calculation Agent in its sole discretion acting in good faith and in a commercially reasonable manner;

"Reference Index" means the S&P 500® Daily Risk Control 10% USD Excess Return Index and can be viewed on Bloomberg page SPXT10UE<Index>;

"Reference Index Sponsor" means S&P Dow Jones Indices LLC, a subsidiary of The McGraw-Hill Companies;

"Reference Rate" means the USD/MXN rate, expressed as the number of MXN per one USD, for settlement in two Business Days, which is determined by the Calculation Agent by looking at Bloomberg page <WMCO>, which shows the WM Reuters fixings, at 11:00 a.m., New York time for any applicable date and using the applicable 'ask rate' for MXN. If the Bloomberg page <WMCO> no longer reports such rate and has not been replaced by any other page or service as determined by the Calculation Agent, the Calculation Agent shall be entitled to obtain such rate from any other publicly available information source;

"Related Exchange" means, in respect of the Reference Index and each Component of the Reference Index, each exchange or quotation system where trading has a material effect (as determined by the Calculation Agent) on the overall market for futures or options contracts relating to the Reference Index or such Component;

"Successor Index to the Reference Index" has the meaning as set forth in Annex B;

"Trade Date" means December 10th, 2012; and

"USD" means the lawful currency of the United States.

Annex B

Reference Index Event Provisions

1 Successor Index to the Reference Index

If the Calculation Agent, acting in good faith and in a commercially reasonable manner, determines that the Reference Index is replaced by a successor index or if the Reference Index Sponsor discontinues publication of the Reference Index but it is calculated and announced by a successor sponsor, provided that in either case (i) the index is calculated using, in the determination of the Calculation Agent acting in good faith and in a commercially reasonable manner, the same or a substantially similar formula for and method of calculation as used in the calculation of the Reference Index and (ii) the level of the index is published or electronically displayed in internationally-recognised news sources or data displays, then such successor index will be deemed to be the Reference Index.

The Calculation Agent will provide a written notice to the Issuer and the Agent of any designation of Successor Index to the Reference Index and additional information that reasonably confirms any of the facts relevant to the determination of such successor index and which has been published in internationally-recognised published or electronically displayed news sources.

2 Modification or Cancellation of the Reference Index

In the event of a Reference Index Modification or Reference Index Cancellation, the Calculation Agent will compute a substitute level for the Reference Index in accordance with the procedures, formula and method last in effect prior to such modification or cancellation.

“**Reference Index Modification**” will have occurred if, on or prior to the Final Valuation Date, the Reference Index Sponsor announces that it has made or will make a material change in the formula for, or the method of calculating, the Reference Index or in any other way materially modifies the Reference Index (other than a modification prescribed in that formula or method to maintain the Reference Index in the event of changes in constituent securities and capitalization and other routine events) and no Successor Index to the Reference Index exists.

“**Reference Index Cancellation**” will have occurred if (i) the Reference Index Sponsor discontinues publication of the Reference Index and no Successor Index to the Reference Index exists, or (ii) any Successor Index to the Reference Index is no longer published (without any written notice from the sponsor of the Successor Index to the Reference Index that any cessation in publication is temporary and will cease prior to the Final Valuation Date).

3 Use of Successor Index

If, in accordance with paragraphs (1) and (2) above, a Successor Index to the Reference Index is selected or the Calculation Agent calculates a level as a substitute for the

Reference Index, the Successor Index to the Reference Index or Calculation Agent-calculated level, as the case may be, will be used as a substitute for the Reference Index for all purposes after such selection or substitution, including for purposes of determining whether a Market Disruption Event (as defined below) exists, even if the Reference Index Sponsor elects to begin republishing the original Reference Index.

4 Correction of Index levels

In the event that any relevant level of the Reference Index published by the Reference Index Sponsor on any date which is utilised for any calculation or determination in connection with the Notes is subsequently corrected and the correction is published by the Reference Index Sponsor by the second Business Day prior to the date on which any relevant payment may have to be made or in respect of which any relevant determination in respect of the Notes may have to be made, then the Calculation Agent may determine the amount that is payable or make any determination in connection with the Notes, after taking into account such correction.

5 Consequences of Disrupted Days

If the Calculation Agent determines that the Final Valuation Date is a Disrupted Day, then the Final Valuation Date shall be the first succeeding Scheduled Trading Day in respect of the Reference Index that the Calculation Agent determines is not a Disrupted Day, unless the Calculation Agent determines that each of the eight consecutive Scheduled Trading Days in respect of the Reference Index immediately following the scheduled Final Valuation Date is a Disrupted Day. In that case: (a) the last (eighth) consecutive Scheduled Trading Day in respect of the Reference Index shall be deemed to be the Final Valuation Date, notwithstanding the fact that such day is a Disrupted Day; and (b) the Calculation Agent shall determine the level of the Reference Index as of the Scheduled Closing Time on or in respect of that last consecutive Scheduled Trading Day in respect of the Reference Index in accordance with the formula for and method of calculating the Reference Index last in effect prior to the occurrence of the first Disrupted Day to occur, using such levels or values as the Calculation Agent determines to be appropriate as of the closing time on or in respect of that last consecutive Scheduled Trading Day of each Component comprised in the Reference Index, and such determination by the Calculation Agent shall be deemed to be the Closing Index Level in respect of the Final Valuation Date.

The Calculation Agent shall take into account the Exchange traded or quoted price as of the Scheduled Closing Time on the last consecutive Scheduled Trading Day of each Component comprised in the Reference Index (or, if an event giving rise to a Disrupted Day has occurred in respect of any relevant Component on such last consecutive Scheduled Trading Day for any relevant Component, or such last consecutive Scheduled Trading Day is not a Scheduled Trading Day for any relevant Component, as determined by the Calculation Agent, its good faith estimate of the value for the relevant Component as of the Scheduled Closing Time on the last consecutive Scheduled Trading Day).

6 Definitions

For the purposes of these provisions:

“Disrupted Day” means any Scheduled Trading Day on which a Market Disruption Event has occurred or is continuing, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner;

“Market Disruption Event” means the occurrence of any of the following events on the Final Valuation Date, as determined by the Calculation Agent acting in good faith and in a commercially reasonable manner:

- (i) if determined by the Calculation Agent to be material, any suspension of or limitation imposed on trading by the Exchange or Related Exchange by reason of movements in price exceeding limits permitted by the Exchange or Related Exchange relating to (a) Components that comprise 20 per cent. or more of the level of the Reference Index, or (b) futures or options contracts on the Reference Index or on Components that comprise 20 per cent. or more of the level of the Reference Index; or
- (ii) if determined by the Calculation Agent to be material, any event that disrupts or impairs the ability of market participants in general to effect transactions in, or obtain market values on any Exchange or Related Exchange(s) of (a) Components that comprise 20 per cent. or more of the level of the Reference Index, or (b) futures or options contracts on the Reference Index or on Components that comprise 20 per cent. or more of the level of the Reference Index; or
- (iii) any failure to open for trading during its regular trading session of any Exchange or Related Exchange relating to (a) Components that comprise 20 per cent. or more of the level of the Reference Index, or (b) futures or options contracts on the Reference Index or on Components that comprise 20 per cent. or more of the level of the Reference Index; or
- (iv) any closure of an Exchange or Relevant Exchange prior to its Scheduled Closing Time unless such earlier closing time is announced by such Exchange or Related Exchange at least one hour prior to the earlier of (i) the actual closing time for the regular trading session on such Exchange or Related Exchange on the Final Valuation Date and (ii) the submission deadline for orders entered into the Exchange or Related Exchange system for execution on the closing on the Final Valuation Date relating to (a) Components that comprise 20 per cent. or more of the level of the Reference Index, or (b) futures or options contracts on the Reference Index or on Components that comprise 20 per cent. or more of the level of the Reference Index.

For the purposes of determining whether a Market Disruption Event in respect of the Reference Index exists at any time, if a Market Disruption Event occurs in respect of a security included in the Reference Index at any time, then the relevant percentage contribution of that security to the level of the Reference Index shall be based on a comparison of (x) the portion of the level of the Reference Index attributable to that security and (y) the overall level of the Reference Index, in each case immediately before the occurrence of such Market Disruption Event.

The Calculation Agent shall promptly notify the Issuer in writing of the occurrence of such a Market Disruption Event;

“Scheduled Closing Time” means, in respect of an Exchange or Related Exchange and a Scheduled Trading Day, the scheduled weekday closing time of such Exchange or Related Exchange on such Scheduled Trading Day, without regard to after hours or any other trading outside of the regular trading session hours; and

“Scheduled Trading Day” in respect of the Reference Index or Successor Index to the Reference Index, or any Component thereof, any day on which the Exchange and any Related Exchange with respect to the Reference Index or Successor Index to the Reference Index or such Component, as applicable, is scheduled to be open for trading during its regular trading sessions.

Annex C Historical Data

The S&P 500® Daily Risk Control 10% USD Excess Return Index

The following table sets forth the historical performance of the S&P 500® Daily Risk Control 10% USD Excess Return Index based on closing index levels observed from January 2007 to December 17th, 2012. The closing index on the Trade Date was 109.035.

Period	High	Low
January 2012 to December 17 th , 2012	112.053	101.713
January 2011 to December 2011	111.967	97.692
January 2010 to December 2010	104.828	92.364
January 2009 to December 2009	96.269	81.181
January 2008 to December 2008	99.448	83.512
January 2007 to December 2007	105.924	97.125
