been, nor will be, registered or prepared under, or for the purposes of, the New Zealand Securities Act 1978 (the "Act"). Accordingly, the Notes may not be offered to the public in New Zealand within the meaning of that Act. Without limitation, no person may (directly or indirectly) offer for subscription or purchase or issue invitations to subscribe for or buy, or sell the Notes, or distribute the prospectus or any other advertisement or offering material relating to the Notes in New Zealand, or to any resident of New Zealand, except that the Notes may be offered (i) to persons whose principal business is the investment of money or who, in the course of and for the purpose of their business, habitually invest money; or (ii) to persons who, in each case, are required to pay a minimum subscription price of at least NZD 500,000 for the Notes before the allotment of the Notes (disregarding any money lent by the issuer, the offeror or any associated person of the issuer or the offeror); or (iii) to persons who in all circumstances can properly be regarded as having been selected other than as members of the public; or (iv) otherwise as permitted under the Act, the New Zealand Securities Regulations 1983 and any other applicable laws.

Japan:

A secondary distribution of the Notes is scheduled to be made in Japan. The Notes may not be offered or sold, directly or indirectly, in Japan or to a resident of Japan except pursuant to an exemption from the registration requirements of, and otherwise in compliance with the Financial Instruments and Exchange Law of Japan and other relevant laws and regulations of Japan. For the purposes of this paragraph, "resident of Japan" means any person resident in Japan, including any corporation or other entity organised under the laws of Japan.

- 40 In the case of Notes denominated in the currency of a country that subsequently adopts the euro in accordance with the Treaty establishing the European Community, as amended by the Treaty on European Union, whether the Notes will include a redenomination clause providing for the redenomination of the Specified Currency in euro (a "Redenomination Clause"), and, if so specified, the wording of the Redenomination Clause in full and any wording in respect of redenominationalisation and/or consolidation (provided they are fungible) with other Notes denominated in euro. Not Applicable
- 41 Additional Information: The language set out under the heading "Use of Proceeds" in the Offering Circular shall be replaced for these Notes by the following:
- The proceeds of the Notes issuance will be used towards the Issuer's environmental projects in accordance with and subject to the following provisions:
- An amount equivalent to the net proceeds of the Notes will be allocated within the Issuer's Treasury liquidity pool to a portfolio that is separately monitored by the Issuer. So long as any of these Notes is outstanding, if the overall balance of such portfolio exceeds the overall amount of the Issuer's Green Project Portfolio (as defined below), the remaining balance may only be invested by the Issuer in certificates of deposits, commercial paper, bank deposits, repurchase transactions or other money-market instruments, as determined by the Issuer.
- "Green Project Portfolio" shall mean, as determined by the Issuer, the sum of all loans and equity investments that are funded, in whole or in part, by the Issuer and in respect of which the entire or substantially the entire amount disbursed or invested is directed at, as determined by the Issuer, any of the following areas: energy efficiency, clean energy, water management, waste management, sustainable living, environmental services, and sustainable public transport.
- Examples of projects in the Green Project Portfolio include, without limitation, financings of:
- Renewable energy projects, such as

- photovoltaic installations, and production of photovoltaic cells/modules,
- Installation of wind turbines,
- construction of mini-hydro cascades,
- geothermal and biomass facilities
- Rehabilitation of power and heating plants and transmission/distribution facilities to reduce total greenhouse gas ("GHG") emissions
- Modernisation of industrial installations to reduce total GHG emissions
- New technologies that result in significant reductions in total GHG emissions, e.g. smart distribution networks
- Fuel-switching from carbon-intensive (coal, heating oil, oil shale) to less carbon-intensive fuels such as natural gas
- Greater efficiency in mass transportation, such as investment in fuel-efficiency (fleet replacement) or more energy efficient infrastructure
- Methane capture on waste landfills and waste water treatment plants
- Rehabilitation of municipal water/waste water infrastructure to reduce water consumption and waste water discharges
- Improvements to solid waste management (minimisation, collection, recycling, storage and disposal)
- Energy efficiency investments in existing buildings (insulation, lighting, heating/cooling systems)
- Investments to improve efficiency of industrial water use
- Sustainable and stress-resilient agriculture, including investments in water-efficient irrigation
- Sustainable forest management, reforestation, watershed management, and the prevention of deforestation and soil erosion

The above examples are illustrative only and no assurance can be provided that investments in projects with these specific characteristics will be made.
