Tenderers rejected:	Özbal İnş. Elek. Tem. Turz. ve Orm. Ürün. San. ve Tic. Ltd. Şti. (Turkey)	The tender was rejected during 1 st stage as having submitted non-responsive First Stage Proposal and for not meeting the minimum qualification requirements set forth in the tender documents.

	<p>Yapı Merkezi Nurof Joint Venture (Turkey)</p>	<p>Offered the lowest evaluated price at the Second Stage Tender. Since the lowest tender has been classified as being abnormally low according to the methodology contained in EBRD's Guidance Note 'Assessment of Abnormally Low Tenders for Works Contracts' dated 1 August 2019, a detailed evaluation was conducted. As a result of the detailed evaluation, it has been demonstrated that, beyond reasonable doubt, the lowest tenderer would not be able to perform the contract for the offered price and the tender was rejected.</p>
